

THE VOICES OF children will tell the glad tidings of Easter Morning and the joyous promise of the Resurrection tomorrow in Christian churches everywhere. The young choirs of Immanuel Lutheran Church, Escanaba, pictured here, are, from left, Vickie Peterson, Lynn Coplan and Susan Gasman; back row, Sandy Uecke, Shirley Grenfell, Amy Thorpe. Immanuel also is observing the first anniversary of its new church edifice. (Daily Press Photo)

## Thousands Battle To Save River Cities From Floods

### Romney Looks For Successor To Roy Johns

LANSING (AP)—Gov. George Romney says he has started shopping around for a new State Labor Commissioner.

The current commissioner — Roy Johns, whose term expires April 22—will reach retirement age in July. He has been off the job with an unspecified illness since April 3, and he has been under heavy Democratic fire since the opening of the current legislative session.

Johns also has indicated an interest in retiring. Following the first of what promised to be a series of Democratic-led investigations into his term of office, Johns said:

"By the time April 22 rolls around, I'll be so far from Lansing I couldn't care less what the legislature does."

The Democratic-dominated Senate would have to confirm his reappointment.

Johns wrote Romney a week ago that it appeared his illness would be of longer duration than he had anticipated and suggested the naming of chief inspector Samuel Wickham as acting commissioner.

Wickham, chief of the department's Detroit office since 1957 and a union member, is now filling in for Johns.

Johns, in Lansing Friday, said his decision to return would depend on the decision of doctors at the Mayo Clinic.

Romney said Friday he would not reappoint Johns because of his earlier indications that he would like to retire.

Johns, appointed in September, 1963, to fill out the unexpired term of James Bowden, is an Upper Peninsula businessman and former mayor of Wakefield.

### Judo Taken Up By Office Girls On Capitol Hill

WASHINGTON (AP) — Virginia Hudgins, secretary to Rep. G. Robert Watkins, R-Pa., describes the latest course for Capitol Hill gals this way:

"If a guy grabs your arm, you give him a good belt in the stomach with your knee. Then you clobber him on the back of the neck with the side of your palm."

Mrs. Hudgins is learning judo for self-defense in a course sponsored by the Congressional Secretaries Club.

The girls hope the training will equip them to manhandle or womanhandle? would-be purse snatchers, muggers and the like.

### Pilotless U.S. Jets Watching Over Red China

DA NANG, South Viet Nam (AP) — The United States looks Red China over regularly with pilotless reconnaissance jets launched from U.S. Air Force planes and recovered on Vietnamese beaches.

The missions are flown to keep U.S. intelligence posted on Chinese military moves. Such intelligence is critical now as the Viet Nam war heats up and the question of possible Chinese entry into the conflict looms.

"Operation Blue Streak" has become more or less an open secret, although details of the flights are still classified. No military sources here would discuss the amount or value of information gathered by the operation.

The roughly 12-foot-long jets, which resemble target drones, are carried under the wings of C130 transport planes and launched over the South China Sea. They are guided, controlled and returned for their parachute landing through facilities at powerful radar installations.

After launching, the drones are sent over Communist China to photograph Chinese troops movements and military installations and the like, military informants said.

High-flying U2 manned reconnaissance jets also are stationed in Viet Nam and have intelligence missions.

Military sources say the little drones are harder to hit than the U2's and fly nearly as high. They do not, however, have nearly the amount of photographic or electronic capability of the U2s.

Because they can be flown near the Chinese coast before release, the drones are capable of making fairly deep penetrations before turning back for landing by parachute.

One source happened to be near the landing zone recently and saw a number of U.S. Army helicopters hovering in a beach area. As he watched, he saw a drone descending below a parachute that returns it to the earth without destroying the information gathering equipment.

### Winona Builds Sandbag Wall 9 Miles Long

By The Associated Press

Thousands of volunteer flood workers braced to battle the highest Mississippi River waters on record were given today a few days of reprieve by cold weather that slowed the melting of snow and ice along the river's northern reaches.

The river, which has flooded scores of waterfront communities from Minneapolis-St. Paul to south of Hannibal, Mo., had been expected to crest at 27 feet late Friday or today. The Weather Bureau said the freezing weather could delay the peak waters as much as another week.

Workers were expected to use the added time to bulwark dikes.

**Living In Barns**

Flood waters have streamed from the Mississippi, Minnesota, Red and Croix rivers, driving an estimated 35,000 persons from homes, killing 12 and causing millions of dollars in damage from North Dakota to Illinois.

In Davenport, Iowa, some 150 families took up residence in animal stalls at the county fairgrounds.

Red Cross units in Minnesota, Wisconsin, Iowa and Illinois set up around-the-clock facilities to feed, house and clothe refugees.

Hardest hit was St. Paul, Minn., a city of 350,000 that has as much as six feet of water inundating lowland sections. Some industries, a city airport and railroad station have been forced to close. The Mississippi was at 26 feet, 14 feet above floodstage.

## Christians Greet Joyful Eastertide

By The Associated Press

Christians around the world prepared today for a joyous Easter while Jews continued the observance of Passover, the most ancient of Jewish festivals.

Holy Saturday services were held in many churches throughout the world.

Pope Paul VI, leader of the world's half billion Roman Catholics, took part in Holy Saturday services in St. Peter's Basilica as the huge Vatican church took on a look of rejoicing for the evening's Easter vigil ceremony following the austerity of sorrow of Good Friday.

In Roman Catholic churches, there were the traditional blessing of baptismal fonts and the renewal of baptismal promises. In early Christianity, Holy Saturday was a day when converts were baptized and admitted to membership.

capped Easter Sunday in joyous acclamation of the Resurrection.

Many persons will worship at sunrise services Sunday.

The 48th annual Easter dawn service, beginning at 7 a.m., is expected to fill Radio City Music Hall in New York. It will be under auspices of the Manhattan Division of the Protestant Council of the City of New York.

The 193rd consecutive sunrise service of the Moravians in front of the historic home Moravian church in Salem Square, Winston-Salem, N.C., is expected to draw large crowds as usual. Between 2 a.m. and 5 a.m., small bands of people will assemble at street corners and awaken the city with Easter chorals and hymns.

At Rindge, N.H., the annual sunrise service at 4:30 a.m. at the Cathedral of the Pines is expected to attract thousands of persons from many parts of the United States and other countries. The Altar of the Nation is in the cathedral at the tip of Mt. Monadnock which will be the first in the nation to greet the sun with its message of rebirth.

**Doves In Ceremony**

A number of churches near Travis Air Force Base in California have scheduled a sunrise service at 5:30 a.m. at a Nike missile site on the base.

The First Baptist church of Burlingame, Calif., plans to release 100 "doves of peace" at a 5:30 a.m. sunrise service in Millbrae, Calif.

In Philadelphia, the Messiah Lutheran church will release 1,000 helium-filled balloons at an Easter service. Each balloon will have the words "Christ is Risen" on it and will contain a return postcard addressed to the church.

Centuries-old ceremonial dances will begin Sunday at Santo Domingo Indian pueblo north of Albuquerque, N.M., and will continue four days with about 500 men, women and children taking part.

Some 7,000 persons are expected Sunday for the 24th annual Easter pageant in the Marion, Ind., Auditorium, only two miles from where devastating tornadoes struck a week earlier.

The Jewish Passover, which began Friday night, marks the release of the Israelites from bondage in Egypt more than 3,000 years ago. Orthodox and Conservative Jews observe the holiday for eight days; Reform Jews observe it for seven.

### Mass Arrests Noted In Cuba

MIAMI, Fla., (AP) — Reports of mass arrests in Cuba, reminiscent of those following the Bay of Pigs invasion just four years ago today, are being studied by anti-Castro analysts for symptoms of internal upheaval.

They attached particular significance to reports from refugees and underground sources of military arrests, including 30 captains. A captain in Castro's army is outranked only by a major.

Exiles watched for signs of a crack in Fidel Castro's military might, as he prepared a parade Monday to celebrate his Bay of Pigs victory over 1,500 invaders.

The invasion fleet set out from Central America, where the force had trained, and arrived in the early morning hours of April 17, 1961, on the southern Cuba coast southeast of Havana.

Within 72 hours, Castro's forces had smashed the operation, killing 81 of the invaders and wounding 60. More than a thousand were captured and later ransomed with \$53 million worth of medicine and food.

After Monday's parade at Girón Beach, site of the Bay of Pigs failure, Prime Minister Castro is expected to make a victory speech in Havana. Last month, Castro ended a two-hour talk by saying his people were "capable of killing a million mercenary invaders."

But anti-Castro strategy reportedly has shifted from invasion to internal action. A rebellion within the armed forces was reported to be the goal.

### Health Care May Have Bonus For Younger People

WASHINGTON (AP) — The new health care plan for the aged, if it is finally written into law, may carry a modest bonus for younger people who are enrolled in voluntary hospitalization programs.

This would come about, the House Ways and Means Committee has been told, if the carriers of the voluntary plans reduce their premiums because they are relieved of the higher-cost older participants.

The latest suicide at Ionia suffocated with a plastic bag over his head. He fastened the bag with a necktie.

After a patient suicide last November, then Republican-dominated House Mental Health Committee visited the hospital for two days.

Chairman David Upton, R-St. Joseph said that committee was not able to substantiate any charges made against hospital personnel and found no major scandal.

### Ionia Hospital Suicide Studied

LANSING (AP)—Speaker Joseph Kowalski, D-Detroit, has ordered a House committee to investigate a patient's suicide at Ionia State Hospital "to learn what is needed to prevent this sort of thing."

The suicide Thursday was the second in six months at the mental institution.

Kowalski Friday ordered the House Mental Health Committee, headed by Rep. F. Charles Raap, D-Muskegon, to begin an investigation next Thursday.

Kowalski said this investigation will be specifically on the suicide, but when the committee has time to do a complete, objective job it will open a general investigation of all the state's mental institutions.

### Eight Boats Sink

MADRAS, India (AP) — Thirty persons drowned when eight boats taking part in a religious procession sank in the Krishna River in Andhra State, reports reaching here said today.

### Sen. Johnston Is Gravely Ill

COLUMBIA, S.C. (AP) — Sen. Olen D. Johnston, D-S.C., remained gravely ill early today with viral pneumonia and other effects of his second major abdominal operation in less than three months.

William Johnston, brother of the 68-year-old senator, said doctors told the family Johnston had improved slightly after growing weaker Friday night, but was not responding to treatment.

"He's quite ill," said William Johnston, who is staying in the hospital.

Johnston, chairman of the Senate Post Office and Civil Service Committee, has been in serious condition since contracting viral pneumonia last Wednesday. He underwent surgery a week ago for removal of a blister aneurysm from the aorta, the main artery leading from the heart.

Johnston had a carcinoid tumor of low-grade malignancy removed from his right colon last Jan. 22. He recovered rapidly and returned to Washington.

### New Treasury Chief Signs His First Currency

WASHINGTON (AP) — The first currency bearing the signature of Henry H. Fowler, the new secretary of the Treasury, has rolled off the press — a sheet of 32 one-dollar bills.

Following tradition, Fowler personally inspected the money as it came off the press Friday.

The bills were the first from a new rotary press installed at the Bureau of Engraving and Printing.

### Retired Leader Of USAF Band Cleared Of Theft

WASHINGTON (AP) — A court-martial has acquitted Col. George S. Howard, retired chief of the Air Force Band, on charges of theft and conspiracy to steal from the United States.

Howard, who in 1944 became conductor of what was then the Army Air Force Band and led the musicians for two decades, was cleared in Washington Friday of these charges:

— Two counts alleging theft of \$675.

— One count alleging conspiracy to steal from the United States.

— Two counts alleging false claims against the government.

The alleged acts were said to have occurred before Howard's retirement in 1963.

### Weather

By The Associated Press

Escanaba and Vicinity - Low-est temperature last night 29, high Friday 41. Variable cloudiness and not so cold tonight. Outlook for Sunday cloudy and cool, near 40, with snow flurries in the morning diminishing by afternoon.

Upper Peninsula - Cloudy and cool with occasional periods of light snow tonight and Sunday. Low tonight 24 to 30. Highs Sunday 36 to 42. Monday's outlook: Cloudy and cool.

The sun sets today at 7:37 p.m. and rises Sunday at 5:58 a.m.

## Chicago Man Held, Says He Killed 3 In Michigan

CHICAGO (AP) — Chicago police today took into custody a man in connection with the slaying of two women and a girl whose bodies were found April 4 near Benton Harbor, Mich.

Police identified the man as Robert Mills, 44, of Chicago.

Patrolman Charles Green said he picked Mills up at a South Side telephone booth after he said, Mills phoned police and allegedly said he was responsible for the Michigan slayings and wanted to give himself up.

Green said Mills told him he also phoned the FBI about wanting to turn himself in. Sheriff's officers from Berrien County, Mich., were notified and they said investigators would fly to

Chicago to question Mills.

Chicago police said they did not plan to question Mills in depth regarding the slayings until the Michigan authorities arrive, sometime this morning.

Mills was booked on a charge of disorderly conduct and held for investigation.

The bodies of Diane Carter, 7, Mrs. Olin Boyer, 60, and Mrs. Robert Jones, 37, all of Benton Harbor, were found in a pine grove fringe of a Watervliet, Mich., fruit orchard some 10 miles east of Benton Harbor on April 4.

Police connected the slayings to that of Miss Delores Young, 19, whose nude body was found in a fire-damaged Benton Harbor home Feb. 16.

All of the victims, except for Miss Young, had been mutilated. All were Negroes except for Mrs. Boyer who was white.

At that time, Benton Harbor Police Chief Merle McCarroll said "this is the first time we've had a sex madman on the loose here." He said he was convinced the death of Miss Young was linked with the other three slayings.

## Leaflets Used In Viet Nam War

SAIGON, South Viet Nam (AP) — American fighters and bombers hammered at North Vietnamese targets again today and two Vietnamese Skyraider bombers dropped 100,000 psychological warfare leaflets over the city of Dong Hoi in North Viet Nam.

The leaflets had a picture of President Johnson and remarks by him on the Vietnamese war. They also included an endorsement of the remarks by South Vietnamese Premier Phan Huy Quat. Dong Hoi is about 50 miles north of the 17th Parallel.

The leaflets quoted from Johnson's April 7 address in Baltimore and outlined his proposal to contribute \$1 billion for an aid program to develop Southeast Asia.

**Marines Arrive**

Last Wednesday, the U.S. Air Force dropped 3 million leaflets over Dong Hoi and three other North Vietnamese cities, in effect calling on the people to overthrow their Communist government.

Five Marine Corps jet reconnaissance planes arrived today at Da Nang air base for duty in that key northern area of South Viet Nam. The planes carry a pilot and a naval aviation observer.

A squadron of 14 Marine Corps F4B Phantom jet fighters arrived at the base last week-end.

A U.S. spokesman reported that Vietnamese soldiers fought a major engagement Thursday and Friday near Phu My in Binh Dinh Province, about 250 miles north of Saigon. Reports said 81 Viet Cong were killed.

U.S. sources in Saigon said last Thursday's huge bombing raid against a suspected Viet Cong stronghold near the Cambodian frontier may have been a flop. An armada of 230 planes joined in the day-long attack — the biggest U.S.-Vietnamese air raid of the war.

**Pilot Rescued**

The sources said ground forces probing the tangled, blackened jungle area since Friday morning have found few results.

They did find 34 huts, a switchboard, 1,000 yards of communications wire, some mines and grenades and 4,000 pounds of rice, indicating a Viet Cong communications training center had been operating in the zone.

A U.S. Army spotter plane pilot was credited today with saving the life of the pilot of an American Skyraider bomber which had crashlanded in a Mekong delta paddy 65 miles south of Saigon.

A U.S. spokesman said Capt. Thaddeus Welch Jr. of Tampa, Fla., landed his single-engine plane and pulled the badly injured pilot from the wreckage. After administering first aid, Welch called in a medical evacuation helicopter. The injured pilot was not identified.

## Shakeup May Oust Williams

NEW YORK (AP)—President Johnson is planning a major shakeup of the State Department which will involve the ouster of former Michigan Gov. G. Mennen Williams, the New York Times said today.

Williams, who served an unprecedented six terms as the state's chief executive — from 1948 to 1960 — currently is undersecretary of state for African affairs.

The Times said the projected shakeup would involve at least five major State Department jobs and more than a dozen U.S. embassies.

In addition to Williams, others listed by the newspaper as "definitely leaving" included William R. Tyler, in charge of European affairs; Phillips Talbot, who directs Near East and South Asian affairs; and G. Griffith Johnson, head of the Bureau of Economic Affairs.

## Air Message Training Set

A training program on radio and tower communications of the federal airways system will be sponsored jointly by the Michigan Department of Aeronautics and the Dickinson County Pilots' Association at 7:30 p.m., CST, Tuesday, April 20, at the Knife and Fork Restaurant, Iron Mountain. Ward Mayrand, supervisor of aviation information of the Department of Aeronautics will conduct the course, which is without cost to members of the DCPA. The public is invited, especially pilots and persons interested in aviation communications on the federal airways system.

Those interested in dinner should contact Mrs. Robert Morrell by Monday at 774-0787.

## Driver Suspension Appeals Increase

LANSING—A sharp increase in driver license appeals was noted for the first third of 1965, according to Secretary of State James M. Hare. Through March 2,050 Michigan drivers had appealed license restrictions through three-man appeals boards in the state. March totals were 893, a hike of nearly 400 over March of 1963.

Of the three-month total, 1,398 appeals were either denied or the appeal dismissed, upholding the original action of driver improvement officials. In 166 cases, licenses were restored outright without restriction. A total of 242 appeals resulted in the license being restored with restrictions and in 241 other cases, appeals on suspensions or revocations were modified. Three were granted driver improvement hearings.

## Briefly Told

Bethany Boy Scout Troop 408 will meet at the church Monday at 7 p. m.

Escanaba City Manager George Harvey will address the Lions Club at its dinner meeting at the Sherman Hotel Monday evening on the proposed sale of the city-owned gas utility.

All adult evening school classes scheduled for next week, except "Social Graces" for women which meets at the House of Ludington, have been postponed because of Easter vacation. Classes will resume regular schedules a week from Monday.

Joseph Juneau, 24, 212 S. 19th St., was placed on six months probation Friday in Municipal Court after he pleaded guilty to a charge of contributing to the delinquency of a minor. Involved was a 15-year-old girl.

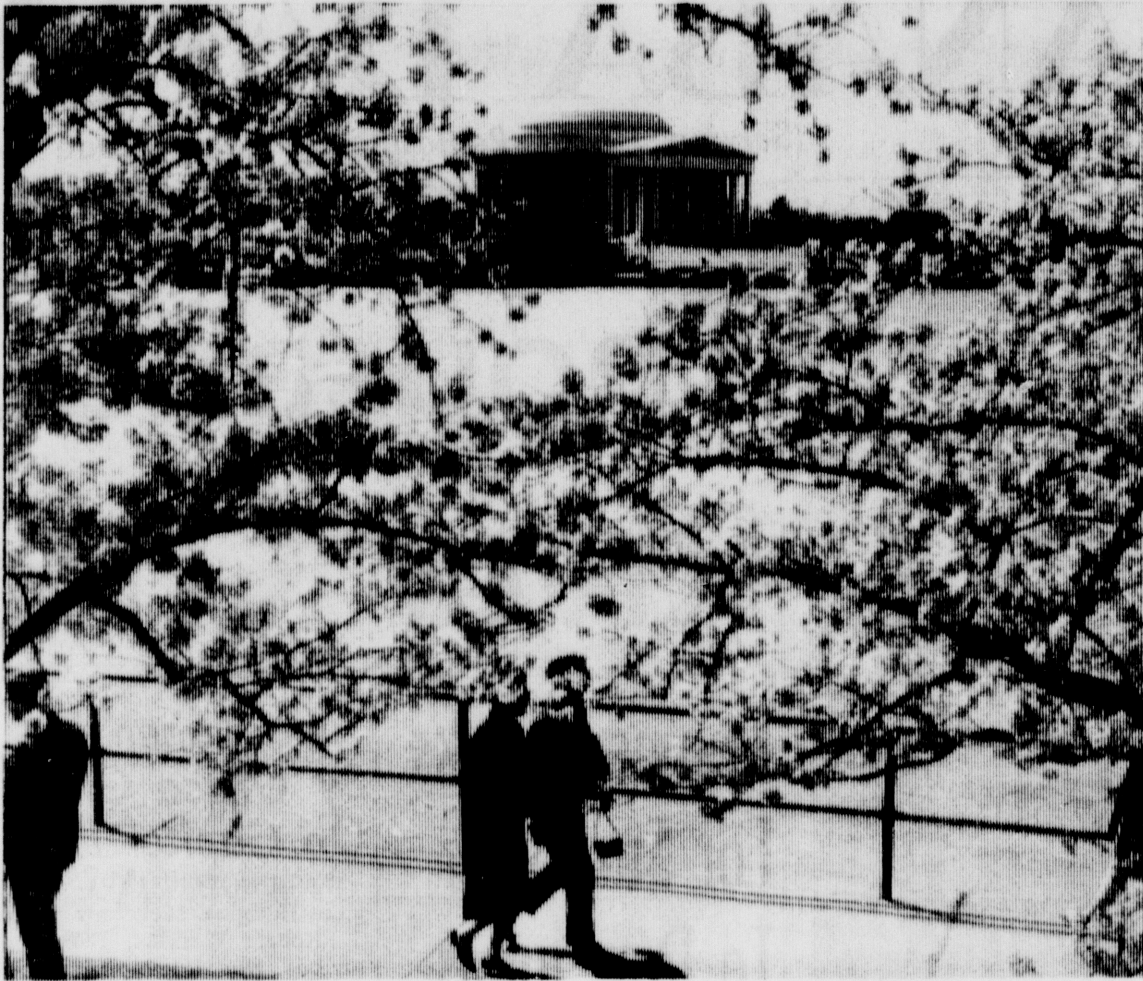

Mary E. Herro, 1711 8th Ave. S., was ticketed Friday by city police for improper backing after she backed from a parking place in the 100 block of N. 12th St. and struck a car driven by Gordon Sarasin, 533 N. 19th St.

## Michigan Group Leaves To Picket At White House

DETROIT (AP) — Eight busloads of Michigan students were in Washington, D.C., today to take part in White House picketing protesting United States policy in Viet Nam.

Dena Clamage, 18, a Wayne State University student and secretary of the Detroit Committee to End the War in Viet Nam, said most of the participating students believe "we have no business in the Viet Nam war and that the only just course is to withdraw as soon as possible."

Besides the 315 Wayne and Michigan State University students who left Detroit Friday night, two buses with 90 persons aboard left the University of Michigan campus at Ann Arbor for Washington.

THE JEFFERSON MEMORIAL is framed in cherry blossoms at the Tidal Basin in Washington. The blossoms, an annual attraction for tourists, are at their peak for Easter. (AP Wirephoto)

## Hearings Set On Repeal Of Right-To-Work Laws

WASHINGTON (AP) — Informal sources said today congressional hearings will begin next month on the controversial legislation to repeal the so-called "right-to-work" section of federal labor law.

President Johnson, who has promised organized labor that he will back the repeal measure, reportedly will send Congress a message on this and other labor legislation late this month.

Congressional sources said Chairman Adam C. Powell, D-N.Y., of the House Labor Committee, has authorized the start of hearings May 10 or May 17 on the repeal of section 14B of the Taft-Hartley Act.

Rep. Frank Thompson Jr., D-N.J., will conduct the hearings. Section 14B authorizes individual states to enact laws that prohibit union shop contracts requiring all employees to join a union.

Statutes banning union shop contracts are commonly called "right-to-work" laws. The federal law sanctions union shop contracts in states that do not outlaw them.

The repeal measure is the top legislative goal this year of the AFL-CIO and other labor organizations.

It is vigorously opposed by the U.S. Chamber of Commerce and the National Right to Work Committee.

Repeal of section 14B would, presumably, wipe out right-to-work laws in the 19 states that have them. A 20th state, Indiana, repealed its right-to-work law early this year.

Informal sources said Johnson's labor message will also propose an increase in the present federal minimum wage of \$1.25, expansion of minimum wage coverage to several million more workers, improvements in the unemployment compensation program and possibly other measures sought by organized labor.

## Calendar Of Events

(Prepared by Escanaba Chamber of Commerce)

Today—K. I. Sawyer Day

April 20—Leadership Conference, 7:30-9:30 p. m., Bay de Noc College

Wednesday, April 28 — St. Francis Hospital Auxiliary desert card party, 1:30 p. m.

Tuesday, April 20—Leadership Conference, 7:30-9:30 p. m., Bay de Noc College

Wednesday, April 28—Democratic Women's Club Card Party, Elks Club, 8 p. m.

Saturday, May 1 — First Methodist Church spring tea

Saturday, May 1 — Delta Shrine Club charity ball, The Terrace

Saturday, May 1—Escanaba Exchange Club Rags to Riches pick-up

Sunday, May 2—St. Anne's 2nd Annual Variety Show, William Bonifas Auditorium, 8 p. m.

May 3-8—Escanaba Community Concert drive

Tuesday, May 4 — Desert card party, Escanaba Business & Professional Women's Club, 7:30 p. m., Marco's

Thursday, May 6—Escanaba Area Senior High School Chorus and Orchestra concert, William W. Oliver Auditorium, 7:30 p. m.

## NMU Band Camp Planned Aug. 2-7

MARQUETTE—The 15th annual summer music camp for Upper Peninsula high school band members and baton twirlers will be held at Northern Michigan University Aug. 2-7. For the first time, the camp will include a two-day choral and piano clinic for interested adults and students Aug. 5-6, and a string program for high school band members. Last year's camp attracted 132 band members and 37 baton twirlers from 31 cities in Michigan and Illinois.

## Obituary

**WILLIAM M. RICHER**

The Libera of the funeral services for William M. Richer was offered today at 10 a. m. at St. Anne's Church with Father Stephen Mayrand officiating. Burial was in Holy Cross Cemetery. An honorary escort of Escanaba Council 640, Knights of Columbus, included Arthur Messier, William Plan-sky, Matt Kress, Wayne Verhagen, William Huebler and Don Armstrong. Active pallbearers were Edward Demarse, Roy Johnson, Wilfred Richer, Leo Gareau, Anthony Bottesi and William St. Jacques.

The Funeral Mass will be offered Monday at 10 a. m.

**Joyous Easter**

## Precious Cargo Taken To Fair

NEW YORK (AP) — Under massive and secret guard, precious national documents including the bill of Rights have been transferred from Washington to the Federal Pavilion at the New York World's Fair.

Hanging of the documents in the Hall of Presidents started Friday night. The display will be ready for the fair's reopening for its second and final season Wednesday.

The priceless collection was moved in armored trucks to the fair late Friday from the main vault of a branch of the Chase Manhattan Bank in Rockefeller Center.

Holy Week tourists and other visitors who crowded Rockefeller Plaza had no inkling of what was going on as the trucks pulled away behind a police escort.

A U.S. Marine detachment and special fair guards were waiting at the fair grounds in Queens. They will keep vigil over the documents while they are on display.

Among them are the Emancipation Proclamation, Lincoln's Gettysburg Address, the late President John F. Kennedy's first inaugural address, George Washington's inaugural and farewell addresses and President Franklin D. Roosevelt's Four Freedoms speech.

## Forest Service Gets Airplane

"A new twin-engine, seven-place airplane just delivered to the Forest Service, U. S. Department of Agriculture in Milwaukee is part of stepped-up preparations to attack forest fires in the North Central Region," announces Regional Forester George S. James.

The Aero Commander 500B will be used on night patrols for forest fire detection, and as a lead plane for air tankers bombing fires. It will be used also to scout going fires, and to transport firefighters and equipment to any of the 13 National Forests in the 9-state region. The plane's home base is General Mitchell Field, Milwaukee.

## C&NW Wreck In Green Bay Has No Effect Here

The derailment of a north-bound Chicago and North Western freight train near the east city limits of Green Bay Friday has had no effect on train service to the Escanaba area, a company spokesman said today.

Rene Labre, chief clerk for the C&NW here, said both freight and passenger service have been operating normally out of Escanaba. He said there were no Escanabans in the train crew.

Twenty-seven cars, including a tank car filled with 11,000 gallons of liquid chlorine, derailed Friday morning. G. E. Cook of Green Bay, conductor of the train, was the only injured. He suffered minor head cuts in the caboose when the train lurched off the tracks.

Passenger service between Fond du Lac and Green Bay was being diverted over the Fox Valley route and passengers from cities in Wisconsin along the Lake Michigan shore were being served by special buses. Wreckage is expected to be clear late today. About 200 feet of track were torn up.

**PUBLIC NOTICE**

The second in the series of public forums on factual and complete information about the proposal to sell the municipal gas utility will be held at the Escanaba Area High School on Wednesday evening, April 21, 1965 from 8:00 p.m. to 9:30 p.m. sharp.

Citizens are requested to submit questions before or during the meeting to the city clerk or to phone their questions to City Hall ST 6-1194 so Council can answer them at the meeting.

Other dates and places for future forums are as follows:

Webster School — Wednesday evening, April 28, 8:00 P. M. to 9:30 P. M. Sharp.

Junior High School — Thursday evening, April 29, 8:00 P. M. to 9:30 P. M. Sharp.

## Students Study Market Needs Of U.P. Industries

HOUGHTON — Five Upper Peninsula business firms will receive assistance with their marketing problems through a program begun by a Michigan Tech faculty member.

Dr. James C. Makens, assistant professor of business administration, has arranged a project for 10 graduate students in his graduate marketing course to study various marketing questions for the five firms.

Working in teams, the students will make recommendations and prepare a written report. At the end of the school year, they will defend their choices before a board of directors composed of officials from the five companies and other Upper Peninsula firms.

Businesses cooperating with Tech in the program are: R. J. Enstrom Corp. and Fish Net & Twine Co., Menominee; American Timber Homes, Inc., Escanaba; Clare Bedding Manufacturing Co., Hermansville; and Nelson Paint Co., Iron Mountain.

# Mrs. Lehto, 87, Of Rock Dies

Mrs. Hilma K. Lehto, long-time resident of Rock, died at 1:30 a.m. today at St. Luke's Hospital, Marquette, where she had been a patient five weeks. She was 87.

Mrs. Lehto was born in Finland May 16, 1877, and she had lived in Rock 51 years. She was a member of Faith Lutheran Church. Her husband, Isaac, died in 1927.

Her survivors are eight grandchildren. Mrs. Robert Koski, Raymond Lehto, Leslie and Theodore Maki, Rick, Kenneth Maki, Gwinn, Mrs. Julia Rubink, Albuquerque, N. M., Paul Kangas, Escanaba, and Mrs. Tom Ketola, Ironwood, 20 great grandchildren and two sisters in Finland.

Friends may call at the Anderson Funeral Home Monday from 6 to 9:30 p.m. The body will be removed at noon Tuesday to Faith Lutheran Church where services will be held at 1 p.m. The Rev. William Avery of Rock will officiate, assisted by the Rev. Edward Leppaluoto of Gwinn. Burial will be in Rock Cemetery.

# Chicago Man, 21, Shoots Own Leg

A 21-year-old Chicago man learned a painful lesson in handling guns Friday afternoon.

Delta County Sheriff's officers reported that Robert A. Schumeth, who was target shooting on the Stanley Grzyb farm south of Bark River, accidentally shot himself in the left leg. Schumeth was reported in "good" condition today at St. Francis Hospital.

Sheriff C. A. (Cully) Johnson said Schumeth's .22 caliber semi-automatic pistol discharged when Schumeth was changing the gun from one hand to the other.

Nathan Hale, who served as a spy for American Revolutionary forces, was only 21 when caught by the British and hanged.

# New Bill Aimed At Fires Set By Diesel Engines

LANSING (AP) — Claiming they cause more fires than old fashioned coal-burners, Rep. Robert Slingerland, D-Lake Orion, has introduced a bill to put Diesel locomotives under provisions of the Forest Fire Act.

The present fine for fires caused by railroad engines would be increased from \$100 to \$500 and locomotives also would be required to carry spark-arresters.

# Illness Fatal To Mrs. Lantz

Mrs. Charles (Antoinette) Lantz, Bishop Noa Home, a lifelong resident of Escanaba, died at 10 p.m. Friday at St. Francis Hospital where she had been a patient the past month.

Mrs. Lantz, who was 78, was born in Escanaba Dec. 22, 1886. Her husband, Charles (Cully) Lantz, died March 1, 1959. She is survived by two sisters, Miss Pauline Hoffman of Block Mountain, N. C., and Mrs. A. J. Fries of North Fond du Lac, Wis.

Mrs. Lantz was a member of St. Joseph's Church, Daughters of Isabella, Trinity Circle 362, and St. Joseph's Altar Society.

Friends may call at the Boyce Funeral Home from 3 to 9:30 p.m. Sunday. The Altar Society will meet at the funeral home to recite the rosary at 3:30 p.m. and Daughters of Isabella at 4 p.m. The parish prayer vigil will be held at 8 p.m.

Services will be held at St. Joseph's Church Monday at 9 a.m. Father Jordan Telles, O.F.M., will officiate. Burial will be in Holy Cross Cemetery.

# Kennedys Visit Seville Cardinal

SEVILLE, Spain, (AP) — Sen. Edward M. Kennedy, D-Mass., and his wife held private conversations Friday with Jose Maria Cardinal Bueno Monreal, archbishop of Seville, Spain.

A spokesman for the cardinal said the 45-minute interview was extremely cordial.

The Kennedys, who are on vacation in Seville, later toured the 15th century archiepiscopal palace, which houses various treasures including a number of paintings by the Spanish masters Murillo and Velazques.

# Obituary

**RUDOLPH N. DALHBERG**

Funeral services for Rudolph N. Dahlberg, prominent Bark River resident, were held Friday at 3:30 p.m. at Bark River Methodist Church with the Rev. J. Bruce Brown and the Rev. Karl J. Hammar officiating. Burial was in Bark River Cemetery. Pallbearers were Andrew Barr, Giffard Pearson, Alfred Anderson, Bert R. Erickson and Ivan and Leslie Sundquist.

Jerome McRae

John Kleiman

# Bank Honors Two Students

Jerome McRae of Holy Name High School and John Kleiman of Escanaba Area High School have been named to attend the fifth annual Economic Conference for Young Adults in Minneapolis Apr. 22-24.

Jerome is the son of Mr. and Mrs. Lawrence McRae, 115 S. 5th St., and John is the son of Mr. and Mrs. Ernest Kleiman, 615 S. 20th St.

They were selected for the honor by their high schools and they will be the guests of the First National Bank of Escanaba, which will pay the expense of their visit to Minneapolis, leaving by air Thursday and returning Saturday night.

Attending two and a half day conference will be over 200 high school students from all parts of the Upper Midwest. The purpose of the sessions is to stimulate interest of people in building for financial security and to give them a fuller understanding of our modern money and banking system. They will hear talks by financial experts and join in discussions on money management.

In Minneapolis the students will tour the Grain Exchange, the Planetarium, Minneapolis, and attend sessions with noted speakers on the national economy, credit rating, banking, the Federal Reserve System, bank services to communities, space science, insurance, and investments in securities and in education.

# Traffic Mishaps Kill 3 In State

By The Associated Press

Traffic accidents have claimed at least three lives in Michigan thus far this Easter weekend.

The Associated Press tabulation began at 6 p.m. Friday and ends at midnight Sunday.

# Winona Builds Sandbag Wall 9 Miles Long

(Continued from Page 1)

and volunteers rushed sandbagging operations along waterfront dikes.

## Tornado Victims Buried

The river, expected to crest at 23.5 feet today at Hannibal, already has flooded two blocks in the city's downtown district. Four blocks in nearby Louisiana, Mo., were flooded and nine families were evacuated.

Many highways in the area were closed, although little damage was reported. The St. Louis area remained free of any flood damage.

There was another grim reminder of the Palm Sunday tornadoes that killed 240 persons in Michigan, Illinois, Michigan, Ohio and Indiana.

Fifteen Indiana funerals were held Friday, including triple services for one family at Hartford City. At least 10 church congregations held Good Friday services in other chapels. Their own places of worship had been destroyed by the twisters.

## DIKE 25 FEET HIGH

WINONA, Minn. (AP) — This southeastern Minnesota community of 25,000 is gambling its life on a huge wall of sandbags and earth nine miles long as it awaits record floodwaters of the onrushing Mississippi River.

The anticipated all-out assault is now expected about Tuesday when a record crest of 21.5 feet is forecast. The level Friday night was 19.5 feet, a foot and a half over the 1952 record of 17.91.

The dikes were built in a little over a week and reach to a height of 25 feet. They contain a million sandbags and an untold amount of earth.

State Civil Defense Director Roy Aune said, "This is a model for cities across the country. You just don't build eight to ten miles of dikes 25 feet high at the snap of a finger."

## Bags Cost \$135,000

As the flood waters advanced across Minnesota last week, Winona officials hired contractors to build the wall. College and high school students who volunteered their help, were paid \$1.50 an hour.

Sandbags alone have cost Winona \$135,000. Workers are adding another 300,000 to the million already in place.

City officials estimate the defenses have cost in excess of \$1 million so far. Mayor Rudy Ellings said they will save several times their cost in property damage if the dikes hold.

Contractors have thrown more than 300 trucks and bulldozers into the work. The number of sandbaggers is upward of 1,500. Among them are 85 Christian Brothers, students at Immaculate Heart of Mary Seminary in Winona.

## Walls Patrolled

Workers are widening the dikes. The city maintains an around-the-clock vigil to watch for weak spots. Portable lighting systems play beams on the dikes throughout the night. Volunteers patrol the walls.

A communications system of amateur radio operators dispatch men and equipment to vital points as the needs arise.

Civil Defense and Coast Guard rescue teams are in the city in case the dikes fail. Dormitories at three colleges would be used to house evacuees.

Mayor Ellings, touring the city this week, said at a residential area in the heart of the city: "Right here the water will be eight feet deep if the dikes don't hold."

Winona, 90 miles southeast of Minneapolis, recently received funds for a million-dollar flood control program. Construction was to have started immediately but the city has been too busy fighting floods.

Most U. S. forest fires are caused by incendiaries, debris burners and careless smokers, in that order.

# Sheriff Named License Agent

The Delta County Sheriff's Dept. was notified today by the Michigan Secretary of State's office that it will be the lone driver's licensing agency in Delta County under the state's new plan for including photographs of driver's on their licenses.

Sheriff C. A. (Cully) Johnson said the department expects to receive its camera equipment in May or June, though no date for the change-over has been set.

He said that under the new state plan, all driver's license applications in Delta County, both new and renewal, would be processed by the Sheriff's Dept.

The first stage of the new licensing program has already been launched at 48 stations in 36 counties in lower Michigan. According to Secretary of State James M. Hare about 150 stations will be established throughout the state.

Issuance of licenses will not be accelerated, Hare noted, so it will take about three years — mid-1968 — before all of Michigan's 4.3-million drivers have their new licenses.

Johnson said the Sheriff's Dept. would need several additional employees to take care of the licensing load. The department currently processes about 3,000 applications each year, but that does not include Escanaba or Gladstone drivers.

# Carlson Ends School Career

Eber Carlson today announced his resignation as superintendent of the Powers-Spalding schools and said he would again devote his full time to his Northern Log Cabin Co. business in Stephenson.

Carlson started the project in 1945 and had established a market in Indiana, Illinois, Wisconsin and Northern Michigan in his 17 years in the business. In the fall of 1962 he accepted the position of superintendent of the Powers-Spalding schools after the resignation of Lee Richlen, who became superintendent at St. Ignace.

Carlson had formerly held teaching and administrative positions in Stephenson, Augusta and Tawas City, Mich.

# Bulldozers Tackle Twister Ruins In Lower Michigan

HILLSDALE (AP)—A drive to clean up the debris left behind by the tornadoes which smashed into Michigan on Palm Sunday moved into high gear today with Operation Bulldozer.

Some 50 men and 40 pieces of heavy equipment from Lansing, Kalamazoo, Battle Creek, Jackson, Flint and Ann Arbor gathered here Friday and were put under the direction of civil defense directors at Hillsdale and Coldwater.

Joseph J. Davis Jr., a spokesman for the Associated General Contractors' group which supplied the men and equipment, said "the building trades and other unions are cooperating in the work."

"We are not asking to be paid, although we probably will be now that the damaged areas have been declared disaster areas by the federal government."

"Disaster relief plans like this have been formulated by contractors' associations all over the country and this is the first time it has been put into effect in Michigan on a large scale."

State police said the work would consist primarily of debris removal.

SUSAN KAY NELSON, 21, daughter of Mr. and Mrs. Arnold Nelson, Royal Oak, Mich., a Western Michigan University junior, is one of 16 legislative interns selected from Michigan colleges and universities, who are studying first hand the internal workings of their Michigan government in Lansing this week. Senator Tom Schweigert (R-Petoskey) party whip, is Susan's tutor during the week of on-the-spot study designed under the auspices of the legislative internship program sponsored by Western Michigan University.

# Tax Allocation Board To Meet

The Delta County Tax Allocation Board will convene at 1 p.m. Monday in the County Building for its organizational meeting.

The session will be the first of a series by the six-member board to consider how to divide the county's tax millage between governing units and school districts.

Members of the board by statute are: Hagle Quarnstrom, superintendent of the Delta-Schoolcraft Intermediate School district; Ann Villeneuve, county treasurer; and Harold Gustafson, chairman of the Ways and Means committee of the Board of Supervisors.

Appointed by the Probate Judge are: George Rusch, representing the largest city in the county, Escanaba; Dr. Vernon Johnson, representing the largest school district in the county, the Escanaba Area school district; and John Tackman, at large delegate from the county.

Final allocations this year must be made by June 7.

# Hospital

Ed McGillis, 211 S. 6th St., will be an x-ray patient Monday at Veteran Memorial Hospital, Iron Mountain.

# Quake Is Felt In West Alaska

FAIRBANKS, Alaska (AP) — Another Good Friday earthquake struck Alaska Friday, but this time the state was spared the death and destruction wrought by the historic one of March 27, 1964.

On that date, Good Friday of last year, a quake in south central Alaska and the tidal wave it set off killed 115 persons and destroyed millions of dollars worth of property.

Friday's tremor rattled dishes and windows in Nome and was felt in a dozen Eskimo villages in the Norton South area of western Alaska.

The Alaska disaster office in Anchorage was advised by the U.S. Coast and Geodetic Survey Observatory in Honolulu that there would be no tidal wave.

No damage was reported except for shattered windows in one village.

## Promise Of Easter

If ever the world needed Easter, it is in the Year of Our Lord 1965.

Far too much of everything Easter symbolizes has been washed away by a torrent of suspicion, conflict, hatred and selfishness.

The one thing nations and people seem to have in common today is mutual distrust.

It isn't hard to build a strong case against the future, against any real hope of peace and understanding and the power of God.

The scoffers are ever more vocal as they deride fundamental precepts of decency and morality and good taste. The haters are ever more vicious as they seek to infect others with their poisonous philosophies.

Is there really any hope?

The promise of Easter says there is. It says there is always hope for those who want hope, that there is always comfort for those who seek comfort.

If this were not so, the hope of mankind would have ended with the crucifixion. But it didn't. There was the resurrection.

Even today in a troubled world, a shaft of light pierces the gloom of discontent, disbelief and distrust. It is the eternal and indestructible hope of man that the power of good surpasses the power of evil.

The truth of this hope has been proved again and again. It is being proved today amidst almost overwhelming strife and turmoil.

If this truth is to prevail—and it must and will—it will prevail more easily if men of good will, faith and courage put their trust in it completely, confidently and joyously.

Good over evil, love over hate, hope over despair—these are ours for the asking, today as always, if we but believe in them and are willing to work for them.

This is the promise of Easter in 1965.

## Legislative Fusillade

Last year the Michigan Legislature received 1,487 bills for its attention. This year our legislators outdid themselves and offered 1,680.

The function of legislators is to legislate, of course, and, come deadline for the introduction of bills, our representatives and senators empty their pockets.

It would be as well if they discarded most of these bills themselves, because that's what the Legislature is going to do with them, but the legislator's first law is survival and filling the hopper with bills is one of his means of survival. He's doing it for US!

He knows that the bill hasn't a Chinaman's chance in Moscow but his authorship is political coin that he expects to cash in the next campaign. Actually a rather surprising number of bills get enacted into law, about one bill in 6. If this ratio holds true this year it means 280 more statutes for the law books.

Fortunately many of these statutes are one-shot bills for specific purposes like permitting the erection of a traffic light on the upstretched arm of the statue of Hazen Pingree in downtown Detroit. Others are nuisance moves to keep lobbyists employed, like the bill to abolish the State Pincherry Commission, or the bill to end pari-mutuel betting on horse races, which is a gimmick to help get pari-mutuel betting on dog races.

You can hardly think up a bill that you can't get some legislator to introduce as a favor to an old buddy because he expects to be doing some horse trading to get his own bills advanced. And so we get bills as fey as proposal for a time change on Isle Royale or naming the trout as Michigan's official fish.

The important issues before the current session are tax reform (the state is spending much more than it's taking in), aid to education, and implementation of the new constitution.

A state income tax has been proposed, but will get nowhere. Repeal of the sales tax on food and drugs has also been proposed and that might progress perversely because the Legislature seems more anxious to forgive taxes this year than to levy any. There's a bill in the hopper to hike the state's gas tax from 4.5 to 7 cents a gallon. Michigan now has a combined state-federal tax on gas of 10 cents a gallon. (The price of gasoline dropped 4 per cent in the decade 1953-62 but gasoline taxes rose 39 per cent in that period.)

Increases in unemployment benefits are proposed and in workmen's compensation. The comp boost is overdue, but some of the proposals for it are so large that Michigan industries are probably pricing sites elsewhere and the little enterpriser appears about to be put through another big wringer.

Homestead tax easement for senior citizens have already been voted.

And the lawmakers got a bill proposing a code of lawmaking ethics, limiting the favors that any one lobbyist could shower on a legislator to \$50 a year. Newcomer Rep. John Bennett (D-Detroit) a former Ford Motor Co. accountant, introduced this one, patterned after a bill introduced by freshman assemblyman Adlai Stephenson III in the Illinois legislature.

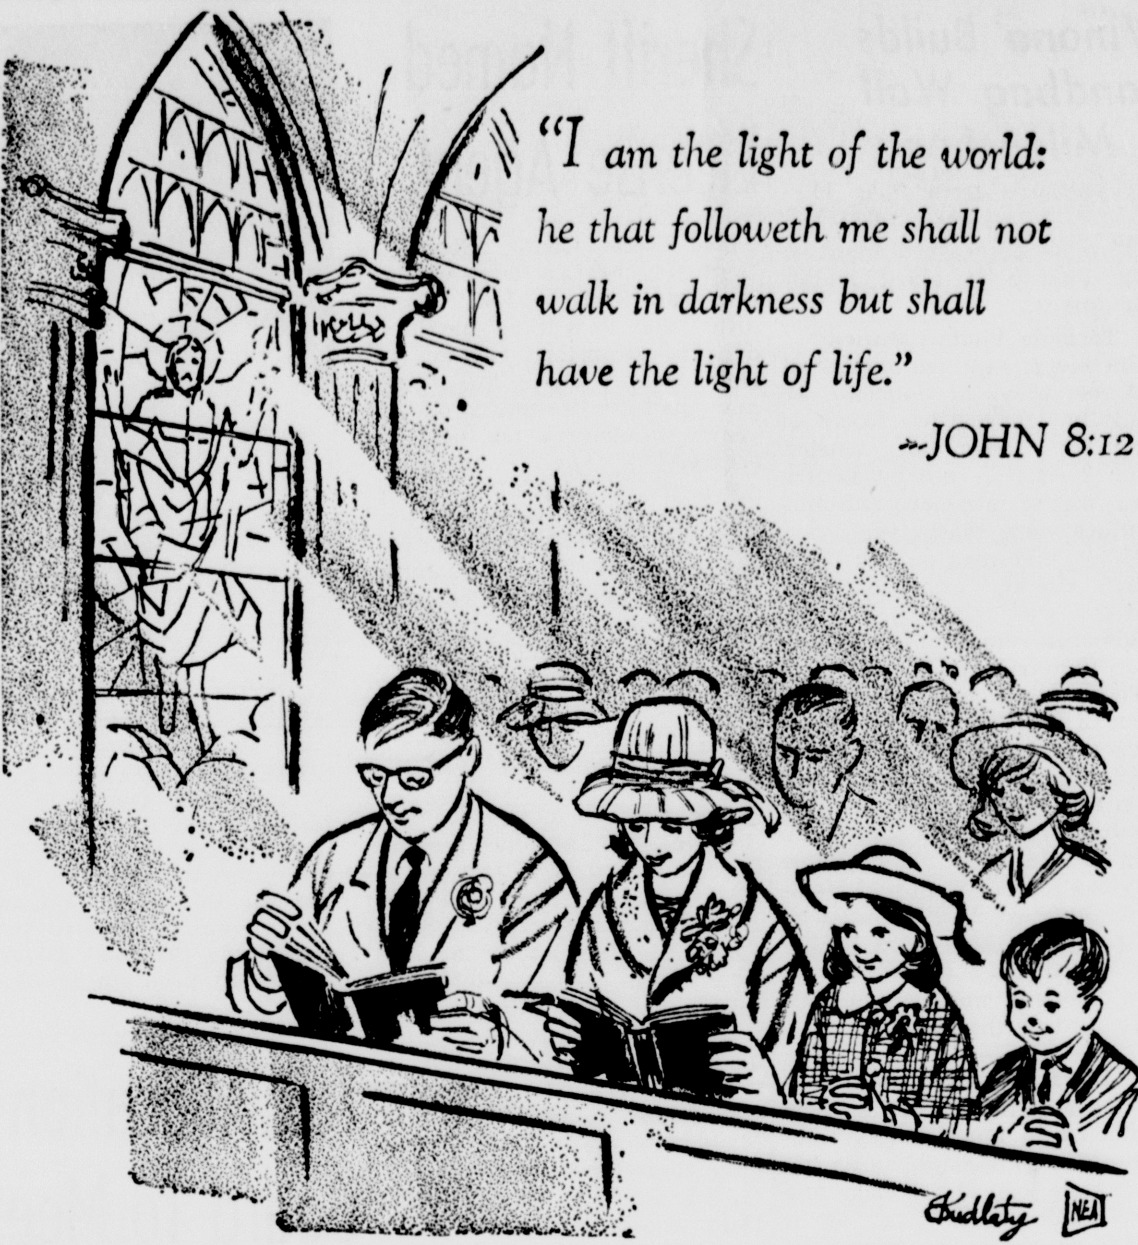

An exception to the \$50 ceiling on gifts and goodies would leave the way open for lobbyists to make political contributions at normal times to buy tickets for political clambakes and to make commercial loans in the ordinary course of business.

Bennett said of his bill "The members of the Legislature should represent the people of Michigan and not private or special interests. A lot of bills seem to originate with lobbyists."

They certainly do. And the legislators have been turning to the lobbyists for counsel on many legislative matters. Now they are arranging to provide their own legislative research and technical assistance services and will, at least theoretically, be freer of any dependence upon lobbyists.

The term covers a broad spectrum of influence makers, some of them simon pure pleaders for needed legislation, and some professional manipulators of the legislative power.

With the Legislature past the crisis of bills introduction deadline it can now lump along until the next crisis, the deadline on action this session.

"I am the light of the world: he that followeth me shall not walk in darkness but shall have the light of life."

—JOHN 8:12

## Letters To The Press

### VOTING RIGHTS

The witness announced he was representing Louisiana Gov. John J. McKeithen. His name was Leander H. Perez. His conclusion:

"The purported Voting Rights Act of 1965 is designed to implement the Communist Party plan and would provide its greatest impetus.

"This bill is undoubtedly a hand-in-glove deal with the very 'mass action demonstrations' which form part of the Communist revolutionary conspiracy."

And he warned that anyone who voted for the bill would be accommodating this Communist conspiracy.

The way I read history, Communism has always thrived best among suppressed, impoverished and degraded peoples who can find encouragement nowhere else.

The main thrust of the Southern opposition is that the Voting Rights Bill is unconstitutional because it infringes on states' rights. This view is pressed by Southern senators who are capable and effective men.

The Constitution as I read it clearly prohibits denial of voting rights and explicitly authorizes Congress to protect those rights. Yet, opposition arguments in this area are seriously presented and deserve attention.

But other aspects of the Southern viewpoint seem irritatingly out of touch with reality.

Many Southern officials are offended by what they term "Northern self-righteousness."

"You are telling us to end discrimination when you have plenty of it in the North," the argument goes. This is true. But the point is that in the North it is a person-to-person discrimination. It is not a matter of public policy, upheld by local law and official action.

## It Happened On This Date

Today In History  
By The Associated Press  
Today is Saturday, April 17, the 107th day of 1965. There are 258 days left in the year.

Today's highlight in history:

On this date in 1754, the French captured the English fort on the site of what is now Pittsburgh. The French promptly named it Ft. Duquesne.

On this date  
In 1790, Benjamin Franklin died in Philadelphia.

In 1861, the State of Virginia seceded from the Union.

In 1941, the Army of Yugoslavia surrendered to the Nazis.

In 1943, U.S. bombers attacked Palermo, Sicily.

In 1945, the United States announced the Japanese had lost more than 200 planes in a single day of suicide attacks on Okinawa.

Ten years ago — The Communist party of Hungary accused Premier Imre Nagy of right-wing deviationism, a charge resulting in his ouster as premier.

Five years ago — Student demonstrations spread through South Korea in protest against alleged rigging of national elections.

One year ago — Soviet and foreign Communist leaders paid tribute in Moscow to Premier Nikita Khrushchev on his 70th birthday.

Then there is the argument that the Southern Negro does not really want to vote, is too unsophisticated to bother his head about politics and just look at how few have tried to register. In short, he is apathetic.

Well, there's not much point in a man trying to register if he knows beforehand that he is going to be turned down. And an interest in political affairs is best stimulated by the knowledge that you can do something about them at the polls.

Moreover, the apathy might be partly inspired by the history of violence and economic reprisal visited on any Negro who was not apathetic about voting.

But most disturbing is the

dream-like notion of many Southerners that the Negro would remain forever in happy subjugation if only he were not stirred up by "outside agitators", most of whom are either Communists or Communist tools.

True, it's a convenient notion because it allows instant dismissal of any viewpoint favoring voting rights.

But this attitude is dangerous for the South, as is the idea that the Negro really considers himself better off as an inferior class, content with whatever good-natured patronage his superiors offer. It is extremely difficult to cope successfully with a situation when you have a distorted impression of the facts.

Senator Philip A. Hart

## Critics Miss Facts

By BRUCE BLOSSAT

WASHINGTON — (NEA) — Critics of the Johnson administration's Vietnamese policy, working a fresh tack, now say we are asking "unconditional surrender" when we tell Hanoi we will not negotiate until it agrees to leave South Vietnam alone.

The New York Times argues that the use in Viet Nam of military pressure alone plainly implies a call for unconditional surrender.

For a starter we ought to have some definitions. Let's go back to the Casablanca conference of January, 1943, where President Franklin D. Roosevelt and British Prime Minister Winston Churchill demanded that the Axis powers surrender unconditionally in World War II.

Churchill defined the demand to mean "that their will power to resist must be completely broken, and that they must yield themselves absolutely to our justice and mercy."

Later he told the House of Commons:

"It means that the victors have a free hand. If we are bound, we are bound (only) by our own consciences to civilization."

Roosevelt, in notes he used at a Casablanca press conference announcing the policy, explained that unconditional surrender did not mean destruction of the Axis peoples but did mean "the destruction of a philosophy in Germany, Italy and Japan which is based on the conquest and subjugation of other peoples."

He indicated this could be achieved only by a "total elimination" of the war-making power in these countries.

In our insistence that North Viet Nam "leave its neighbor alone," it is hard to find any demand—implicit or otherwise—that Hanoi abandon itself totally to our mercies, yield up its regular armies to our command, and cast off its Communist philosophy.

We seek no hegemony over the North Vietnamese people, to "teach them a lesson," as we did over our Axis enemies.

Clearly we are not asking unconditional surrender or anything that by the remotest stretch would fit a reasonable definition.

The documented history of international combat, in fact, would disclose few instances, even at the subordinate field commander level, where such a policy has been imposed without limit. It is a real rarity.

Our resort to this doctrine in World War II was always controversial, and it was argued by many key figures (though not all) that it stiffened German resistance and prolonged

the war. In practice we did not apply it to Italy, and we avoided all mention of the word "unconditional" in asking such Nazi satellites as Hungary, Romania, Bulgaria and Finland to quit the war.

Some foreign policy specialists in Washington are distressed to find President Johnson's critics turning to such unsupportable arguments as this new tack represents.

It is not the critics' first bad turn. Earlier, in seeking parallels from the Korean war, they grossly misrepresented the facts respecting both the conflict and the ultimate military truce.

Furthermore, to buttress their view that the South Vietnamese struggle is overwhelmingly a civil war, they have accepted skimpy, inconclusive evidence which they would laugh out of school if it came from a political adversary. Contrary evidence has been ignored.

Sane public review and debate of our Vietnamese policy is very much in order—but we are not getting it from the present critics. They have proved to be a colossal disappointment.

Their calls for "negotiation" have been barren of realism and of imaginative practical proposals. They have misused history. They appear to apply a double standard, deploring our assaults on North Viet Nam but not the Reds' calculated extermination of South Viet Nam's best trained citizenry.

With almost neurotic urgency, they blame the President for not devising solutions they themselves can't produce.

## BARBS

By WALTER C. PARKES

Scientists say the average person spends a third of his life sleeping. They must be referring to childless couples.

Ever notice how short the months get when you are paying on an instalment purchase?

Summer camps for children provide fine vacations for their parents.

An American, teaching English in Finland, says the Finnish language is so difficult only a child can learn it. Maybe that's what our Suzie has been speaking when all along we thought it was Bealeese.

## Finding The Way Have You An Identity?

By RALPH W. LOEW, D. D.

"Identify yourself!" That's the command of the guard at the border of the country. It's the polite question of the passport officer. It's the querulous request of the banker who wonders about your check. It's the common question as a man gives his assurance of his reputation as well as of his existence.

A whole host of causes have indicated the need modern man has in finding this identification in something beyond his own situation. From civil rights to Peace Corps, from the gyrating Beatlemania to the dedicated scientist, men have identified themselves with a cause in which they can lose themselves.

The search for personhood is more than joining a group or wearing a name bracelet. It's more than a badge or an identity card.

It is the ability to become an organized, effective and creative person, one who has found himself not as a notorious person or a personality cult or as a publicity seeker. That's why FINDING self is always LOSING self.

There are three simple stories in the Bible which ought to be retold in these difficult and exciting days.

There was a shepherd who noticed the loss of one sheep, so he hunted until he had found it and restored it to the flock. He gave identity to the sheep.

There was a woman who lost a coin—really a part of her dowry, as though she had lost the diamond from her engagement ring. She hunted in every dark corner until she found it and restored it to its rightful place. She gave it identity.

There was a father who waited for his wayward son despite that rascal's insistence on wasting his inheritance. Having lost all, the son came to himself and returned to be his father's servant. Arriving home, the father restored him to the family circle. He renewed the son's identity.

This is the primary importance of real religion. It is the winning of persons to the realization of that which they already are. The sheep was already a part of the flock, the son was already a member of the family. That had to be re-stated and recovered.

Newspaper want ads are a big sell: Eight hundred million was spent on classified ads last year . . . more than for all television spot announcements or radio advertising.

## Ann Landers Boys Miss Bet Chasing Dolls

Dear Ann Landers: This letter is for teen-age boys because they are mainly to blame for the misery of teen-age girls.

At every party, whether at school or in somebody's house, you always see clumps of girls, sticking together, laughing and talking. They appear to be having a blast, but the truth is, they are having a perfectly lousy time and they wish they had stayed home.

Why do you fellows run after two or three of the best looking girls in the crowd? Always it's the same girls who get the big rush. The plainer ones (like me) never get a tumble and it's just rotten.

So what if a girl is a little too thin, or too heavy? What if she isn't the greatest dancer in the world? I'll bet she'd appreciate you more than the doll who is zeroed in on by every guy in the room.

The next time you go to a party or to a dance, fellas, ask a plain gal to dance or join you at the refreshment table. You may discover she is great company and that you've been missing something. — BITTER 16

Dear 16: Thank you for an excellent letter. I'd like to add this: The boy or girl who is quick to judge a book by its cover often cheats himself out of some fascinating and worthwhile reading.

Dear Ann Landers: What do you think about a husband who carries on a correspondence course with a college friend even though he knows his wife does not approve of it?

Edwin and I were married a few weeks ago. He never spoke much about Nanette except to say she was fun and had a terrific sense of humor. They used to work together on the college yearbook but so far as I know it was just pal stuff.

Three days ago Edwin received a letter from Nanette. I opened it by accident. The letter was full of tired jokes and references to people I don't know. I answered it from both Edwin and me, saying "I'd love to meet you sometime."

I handed Edwin the open letter and told him I had opened it by mistake. I also told him I had answered it because from now on we would be doing everything as a couple.

He said I had humiliated him and that I had no business replying to a letter addressed to him. I say there should be no secrets between a man and

his wife. You always emphasize in your column that the more things a couple can share, the stronger the marriage will be. Please comment. — WILTED ROSES.

Dear Wilted: It is possible to open a letter by accident, but you can only answer a letter on purpose. This was out of line and I don't blame Edwin for blowing his top.

Sharing is important but it's equally important to respect one another's privacy. To be "one," yet to remain separate and distinct entities may seem a contradiction but it is the secret of a good marriage.

Dear Ann Landers: I am planning on being married this summer. Mother has been married four times. Daddy is now married to his second wife. My fiancée's mother is on her fourth husband and his father is on his third marriage.

You may think this is crazy but all the ex's get along fine together and they see each other socially. Mother insists that we invite all the ex's to the wedding. What do you think this will look like? — B.B.B.

Dear B.B.B.: It will look like the discarded pages from a number of old wedding albums. But don't let it spoil your day. The kooks will probably have a lovely time.

Liquor can ruin your mind, your body and your life. To learn the boobytraps of teenage drinking, write for ANN Landers' booklet, "Teen-age Drinking," enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

## Old Man Shoots Stairway Pusher

SAN FRANCISCO (AP) — "That'll teach you to push an old man down the stairs," police said Thomas L. Lamont, 85, told Frederick Beyer, 36, before he fatally shot him twice in the abdomen Thursday night.

One month ago, the older man had Beyer arrested for allegedly pushing him down one flight of stairs at an apartment house. Beyer was out on bail waiting trial.

The shooting took place in a neighborhood tavern.

# 'Lois' Doesn't Talk, But She Starts Furore

Reporter Gene Divine's effort in the Milwaukee Sentinel of Tuesday, April 6 to dramatize the Project Head Start effort in the Upper Peninsula has boomeranged.

Divine, who has written many fine articles about the Upper Peninsula in the Sentinel, attended the Saturday, April 3 meeting on Project Head Start at the State Office Building sponsored by the Upper Peninsula Committee On Area Progress, whose advisory committee on the War on Poverty helps screen Economic Opportunity Act projects in the Upper Peninsula.

Project Head Start is a two-month, pre-kindergarten project in the War on Poverty to provide health and basic education services to children of underprivileged families before their first start of schooling in September. Some school districts, like Bark River-Harris, have signed for Project Head Start, some, like Escanaba Area, have decided not to offer it.

Divine, said UPACAP officials, drew heavily on a Life Magazine feature of last year in describing the potential of preschooling aid to children of underprivileged families in giving them a more equal start on their schooling. He used as the focus of his story, a hypothetical child, "Lois," and he even showed two pictures of her with his story. It is these pictures which have incensed some Escanabans.

One of them showed "Lois" beside two neat garbage cans on a platform and explained "Lois likes to play around garbage cans."

There was no explanation that the picture was a "posed" picture to simulate an imagined situation and that "Lois" is really the daughter of a North Side Escanaba clergyman, who apparently cooperated with the Sentinel project in the hope that it would help a project to

aid underprivileged children. A second picture of "Lois" showed her part way through a fence in a litter of garbage and trash and explained "The fence is another place to play."

There was no explanation that "Lois" came from a fine home and was in no situation of poverty or even knowledge of it and was being pictured purely as a fiction to illustrate a point that Project Head Start promoters hoped to prove.

Divine wrote "Lois" — not her real name — likes to have her picture taken and is very submissive. But she didn't talk to the photographer. She doesn't talk to anybody.

**Dr. Deutsch**

"Dr. Martin Deutsch, 40, a New York psychologist, has another name for Lois. He calls her a 'socially impoverished' child. Dr. Deutsch pioneered in schools of underprivileged children in New York.

"There are 1,683 children like Lois in the Upper Peninsula. Many children who don't talk are destructively aggressive. Lois will talk before summer is over and she enters kindergarten. So will many of the others, thanks to the head start the Upper Peninsula Committee on Area Progress (UPCAP) has given the 15 U. P. counties on Project Head Start."

Escanaba's objection to the article—actually more specifically to the pictures—seems to be that they depict under an Escanaba dateline a suggestion that it is the sort of community where children are anti-social and play in garbage cans.

Where the figure of 1,683 children "like Lois" in the Upper Peninsula came from isn't clear. It's not explained. Presumably, like so many other such welfare need projections, it is a figure from a sampling multiplied by the U. P. population for that age bracket.

**Phony As \$3 Bill**

But the picture is as phony as a \$3 bill so the statistics come under question, too.

The Escanaba Daily Press reported on the UPACAP regional workshop for the U. P. here April 3 without the phony involvement of "Lois" or Dr. Deutsch. Press Editor Jean Worth said: "We think that properly organized, Project Head Start can be helpful to hundreds of Upper Peninsula children as they begin the very important process of schooling. We regret this hoked-up treatment of the need and hope that UPACAP didn't encourage any such presentation. There is a danger here that criticism of this coverage by a metropolitan newspaper will prevent a fair evaluation of a program aimed at helping really needy children, who don't know how to spell 'Dr. Deutsch.'"

**Italy Jammed In Tourist Rush**

ROME (AP) — Trains, highways, hotels and restaurants throughout Italy were jammed today by what officials estimated to be the biggest Easter season tourist rush into this country since the war.

By midday more than a million foreign visitors were reported to have crossed into Italy, and they still were coming by thousands in cars, planes, trains and buses.

Rome itself, being steadily abandoned by a third of its nearly 2.5 million residents racing for the seashore and the mountains, had at least 70,000 foreign visitors parading its streets and their number was expected to come close to 100,000 by tonight.

Highways at the major crossing points from France, Switzerland and Austria were jammed with long queues of cars.

**4-H Club Holds Final Meeting**

RAPID RIVER—The final meeting of the Rapid River 4-H Club was held at the Bay De Noc Elementary School recently. The 28 girls received year pins and project certificates for sewing and knitting. Special recognition was won by Mary Weinzirl for garment rejudging and Kathy Proehl received a blue ribbon for an outstanding modeling performance at County Achievement Day. Rapid River leaders are Mrs. Benjamin Viaw, Mrs. Robert Martin and Mrs. Forest Pike. Following the award ceremony a party was held with games and refreshments.

**Starfish Die Off**

WARWICK, R.I. (AP) — Thousands of dead starfish were swept onto a 500-foot stretch of Conimicut Point Friday by the tides.

Dr. Charles J. Fish, professor of oceanography at the University of Rhode Island, said the fish apparently had been poisoned.

**Garden Peninsula Well-Child Clinic**

The first Well-Child Clinic on the Garden Peninsula will be held at the Garden Community Building Tuesday, Apr. 26, from 1 to 3 p. m. Dr. Mary Cretens will be in charge.

Gail Grenier, St. Luke's Hospital School of Nursing, Marquette, is spending Easter vacation at the home of her parents, Mr. and Mrs. Bernard Grenier.

Mary Jane Dotsch arrived Thursday from College of St. Scholastica, Duluth, to spend Easter vacation with her parents, Mr. and Mrs. James Dotsch.

**Briefly Told**

**A Coast Guard recruiter** will be at the Escanaba Coast Guard Station, Friday April 23, from 9 a. m. to noon.

The first American missionary church in China was established on Nov. 6, 1847.

**Bark River PTA Meeting**

The regular meeting of Bark River-Harris PTA will be held Wednesday, April 21, at 8 p. m. in Bark River-Harris Elementary School multi-purpose room. There will be installation of officers. Cub Scouts of Pack 445 will present the program for the evening. The PTA sponsors both the Boy Scouts and Cub Scouts of the school district.

THIS IS THE PICTURE of "Lois" in the Milwaukee Sentinel of April 6 that Escanabans have learned is not an impoverished child who will be benefited by Project Head Start's aid to underprivileged children, but the daughter of an Escanaba clergyman who cooperated in portraying a thesis that children of "socially impoverished" families become uncommunicative and tend to become destructively aggressive. The picture was posed to simulate a condition described as harmful to 1,683 Upper Peninsula children.

## Miami Beach Hotel Looted

MIAMI BEACH, Fla. (AP) — Three men walked into the Sterling Hotel in the dead of night, bound the clerk and bell captain and methodically looted safety deposit boxes of an estimated \$130,000 in cash and jewels Friday.

The hotel was filled to capacity with guests in Miami Beach to celebrate the Passover season.

The robbery took only 30 minutes. The thieves, wearing gloves, used hammers and metal punches to break into the boxes. One held a pistol on night clerk Timothy Hayes and bell captain Charles Jernigan.

Hayes told police, "A white man grabbed me, stuck a snub-nosed .38 in my chest and spun me around so fast I didn't have a good look at him."

Hayes and Jernigan were bound with adhesive tape.

Police Chief Rocky Pomerance said interviews with the 75 guests with valuables in boxes indicated \$30,000 in cash and \$100,000 in jewels were missing.

## Seoul Protest Riots Violent

SEOUL, South Korea. (AP) — Scores of policemen and demonstrators were injured today as riots continued for the fifth straight day in opposition to establishing diplomatic relations with Japan.

More than 200 youths were arrested. A series of street battles began after 10,000 persons poured into the streets denouncing President Chung Hee Park's alleged concessions in his efforts to establish normal diplomatic ties with Japan.

At one point the mob raided a police post, smashing windows and burning furniture.

President Park met with top security aides.

Growing concern was felt in government circles over the worsening bloody demonstrations, in which hundreds of police and students have been injured. The death of one student served to intensify the violence.

More than 2,000 high school students clashed with police riot squads in two separate locations today. Fifty or more were arrested, adding to the more than 500 detained on previous days.

Police used clubs to disperse one group of about 500 black-uniformed students who staged a sit-down in front of the capitol, where Park has his office.

Tear gas was used to break up an attempt by another group of 1,500 boys to march downtown.

The street between the capitol and the U.S. Embassy compound was guarded by army soldiers. It leads to Park's official mansion, Blue House.

National police announced that 280 policemen were injured in Friday's rioting by more than 6,000 university students. Police said 49 of the injured were in serious condition.

## President Will Crown Miss Luci

NORFOLK, Va., (AP) — President Johnson is expected to go to Norfolk, Va., next Saturday to crown the city's azalea queen. She is his younger daughter, Luci.

Mrs. Johnson will be present for the Azalea festival, as will Luci's sister, Lynda, and Vice President Hubert H. Humphrey.

## Johnson Reads Easter Message

JOHNSON CITY, Tex. (AP) — President Johnson makes a special Easter Statement today — one expected to emphasize his hopes for peace in the world.

Newsman at the White House press center in Austin, 65 miles east of here, were summoned to the ranch to hear Johnson read his statement.

At the same time, two groups opposing American policy in Viet Nam vowed to demonstrate as close as possible to Johnson's doorstep. Security precautions were expected to keep them at a good distance from the President's property.

In advance of his Easter message, Johnson issued another statement offering the aid of the antipoverty neighborhood Youth Corps to states affected by floods and tornadoes. The young men enrolled in the corps will help build sandbag dikes and do reclamation work in public parks and some other community facilities.

The President said corps members already are at work in Minnesota trying to control the record-breaking flood there.

## Employee Killed In Wreck On Canadian Pacific

TERRACE BAY, Ont. (AP) — A railway employee was killed and 47 persons were injured early today when the Canadian Pacific Railway's eastbound passenger train, The Canadian, derailed three miles east of here. The engine, a baggage car and three coaches left the track.

Most of the injuries were minor, but one other railway employee was in serious condition in Terrace Bay Hospital.

Five passengers also were admitted to the hospital but were not in serious condition.

None of the victims were in serious condition.

Names of the victims were not made public.

## Miami Beach Hotel Looted

MIAMI BEACH, Fla. (AP) — Three men walked into the Sterling Hotel in the dead of night, bound the clerk and bell captain and methodically looted safety deposit boxes of an estimated \$130,000 in cash and jewels Friday.

Five passengers also were admitted to the hospital but were not in serious condition.

None of the victims were in serious condition.

Names of the victims were not made public.

# Labor Group Urges Defeat Of Utility Sale

The United Labor Committee criticized today in a statement the city government's presentation of proposal of sale of the city-owned gas utility and said it would shortly conduct an open forum on the issue itself.

Members of the committee who signed the statement are Carl R. Anderson, chairman, of the Harnischfeger Local, United Auto Workers; Cecil Chase, secretary, of Teamsters Local 328; Ray Long of the Paper Makers; Robert Jensen, of the Harnischfeger UAW Local and John Martinen of the Retail Clerks Union.

Chase asked that any comments on the union group's opposition to the sale be addressed to him as secretary at 2215 Lake Shore Drive.

The statement follows:

"We, the members of this committee appointed to represent organized labor in this community, after a thorough analysis of all the facts concerning our city-owned gas utility do definitely oppose sale of our system to Michigan Consolidated Gas Co., or to anyone else.

**Mistake Seen**

"We believe the people of Escanaba would be making an irrevocable mistake to dispose of this gas utility. We believe we can look forward to an era of economic expansion in our city and natural gas will be one of the assets. We now have an opportunity to expand our utility and develop it to the point where in a few years it, too, like our electric utility, will greatly benefit taxpayers of this community.

"For over 50 years Escanaba has owned and operated a gas utility as a service to the people of this city. Thirteen years ago a new modern propane gas plant was built. Today this gas utility has in its reserves over a quarter million dollars. "This has been accomplished in spite of the loss of several hundred customers to other fuels.

**Progress Cited**

"The city officials have never promoted the gas utility because they felt it would conflict with electric utility revenues. Nevertheless, even as a cast-off stepchild of the electric utility, the gas utility has shown a net income in the past five years of over \$100,000. All this, plus a distribution system that has been maintained and improved from year to year and as of today is not in a poor condition, as you would be led to believe.

"Now, at last, with the coming of natural gas to our area, we are being pressured to sell

our utility to private owners. We have been in the gas business through three generations but now when the gas utility will develop into the big profit stages they say the city shouldn't operate it and instead should hand it over to a private utility.

"We challenge the proponents of selling our gas utility to debate publicly for all the citizens of this community to see and hear all the facts relating to selling this citizen-owned utility.

"We challenge the Gas Study Committee (created by City Council to counsel it on the issue) that recommended the sale of our gas utility to debate publicly the pros and cons of municipal ownership of this utility. We challenge Mayor George Rusch and the City Council to prove this sale to be in the best interests of the citizens of Escanaba.

**Forum Criticized**

"We deplore the actions of the city controller and city manager in promoting this sale to the various citizens' organizations on a one-sided basis. We deplore the activities of the Michigan Consolidated Gas Co. officials to interject themselves into a decision that shall be made by the citizens of this community alone.

"We urge the Escanaba Daily Press and Radio Station WDBC and WLST to present factual reports covering operation of the gas utility under municipal ownership vs. private ownership.

"We do not want any more so-called 'open forums' like the one at the April 14 Council meeting. The people of this community do not want it either. Our citizens are intelligent enough that if given all the facts they will know how to cast a ballot in June.

**Analyzed Report**

"The answers given to questions submitted at the Council meeting by proponents for selling were not only inadequate but highly debatable. When we hear an answer given that conflicts with the Black & Veatch report (an economic study of the issue) we wonder why. When we hear an answer given that we regard as biased opinion, we wonder why.

When we hear an answer given that repudiates a former position, we wonder why.

"When we ask a question concerning revenues, rates, cost of expansion, effect on electric utility revenues, liabilities, condition of system, net income of present utilities, cost of risk in-

Mrs. Alma Sjogren

## Death Takes Mrs. Sjogren, 91

Mrs. Alma Sjogren, 91, mother of Mrs. Edward J. Legault, 321 S. 8th St., died Friday at Pinecrest Medicare Facility, Powers, where she had been a patient two days.

Mrs. Sjogren had made her home here with her daughter for the past 21 years. She was born March 20, 1874, in Sweden. She leaves the one daughter; one son, Norman Sjogren, Appleton, Wis.; one sister, Mrs. Lillian Gershow, Berkley, Mich.; four grandchildren, 16 great grandchildren, and three great-grandchildren.

The body was taken to the Boyce Funeral Home where friends of the family may call from 3 to 9:30 p.m. Sunday.

Complete services will be held Monday at 2 p.m. at the funeral home chapel. The Rev. Robert Selberg of Central Methodist Church will officiate. Burial will be in Riverside Cemetery, Menominee.

insurance, taxes gained or lost, services, we want answers covering both sides of the picture. This the people shall know.

"We oppose the sale of our gas utility but we have no large amount of money to spend. We have no pressure to exert, no jobs to offer, but we do have an honest intent to try and help our community. The facts and figures that decided our opposition to the sale of our gas utility have come from analyzing the Black & Veatch reports, official documents and past and present city budgets.

"We will welcome any and all questions and shortly expect to hold a true open forum."

**Newspaper want ads are a big sell!** Eight hundred million was spent on classified ads last year . . . more than for all television spot announcements or radio advertising.

*Mother's coming home tomorrow!*

Those wonderful words put the sparkle back in Janey's eyes. Mother's coming home—safely and soon!

And that's the way it is in modern hospitals. Safer, better ways of caring for you through newer tools and more trained hospital people always ready to serve you 24 hours a day

Is it a wonder that modern hospital care costs more? Isn't good health worth it?

Modern hospitals mean so much to you and your family.

*Your community hospitals provide more health for your money than ever before.*

This advertisement is published by this newspaper as a public service, in cooperation with your local hospital.

# Women's Activities

MR. AND MRS. Duwaine Hansen of 514 S. 12th St. announce the approaching marriage of their daughter, Sally, to Jimmy R. Bruce, son of Mr. and Mrs. Tom Grenfell, 617 S. 19th St. The wedding will take place June 26 at First Methodist Church in Escanaba. Miss Hansen is employed by Clairmont Transfer of Escanaba and her fiancé is a junior at Northern Michigan University, Marquette. (Lee's Studio)

## Sisters Observe Their Golden Jubilee

Two former Escanaba residents, Sister M. Pascal and Sister M. Corona, recently celebrated their 50th anniversary as Sisters of St. Joseph.

Born in Escanaba, they are the former Blanche and Alexandria Beaumier, respectively, daughters of the late Mr. and Mrs. Joseph Beaumier, and sisters of Mrs. Octave (Marion) Perron of Escanaba, and the late Henry Beaumier, who also was a resident of this city.

They attended Escanaba area schools and were members of St. Anne's parish. They received the habit of the Sisters of St. Joseph, Concordia, Kan., March 19, 1915.

Sister Pascal, R. N., currently is assistant administrator of St. Joseph's Hospital, Belvidere, Ill. Sister Corona is principal of St. Louis School in Chicago.

## Two Services At Christ The King

Easter Worship services will be at 8 and 11 a. m. at Christ the King Lutheran Church. The Senior Choir will sing "Christ The Lord, is Risen Again," at the first service. The Junior Choir will sing "The Garden of God" at the 11 a. m. service. Kristine Fletcher will play a violin solo "I Know That My Redeemer Lives" accompanied by Susan Fletcher at the piano as an offertory at both worship services. The Rev. Erland E. Carlson, will give the Easter message at both services. Mrs. Carl Wedell serves as organist and Choir Director. The public is invited to attend these services.

## Bowling Banquet Wednesday At Elks Lounge

The Elks Women's Bowling Leagues annual banquet, marking the close of the season, will be held Wednesday evening, April 21, in the Lounge of the Elks Club. The affair is open to all members of the Bowling Leagues, the Elks Auxiliary and wives of Elks who do not belong to either group.

The cocktail hour will open at 6 and dinner will be served at 7. Awarding of bowling prizes will feature the informal after-dinner program.

Reservations must be in not later than Tuesday night, April 20, and are to be made by calling the Elks Club after 4 p. m. Marion Desilets and Bumpy Moersch, co-chairmen, and their committees are in charge of arrangements.

## Rapid River Class Plays Well Attended

RAPID RIVER—A crowd of 400 enjoyed Rapid River's Junior Class presentation of three one act comedies.

The plays were dramatized in a "theater of the round" style using a limited amount of scenery. The players' performances of "Sunstroke", "Antic Spring", and "Ladies of the Mop" received enthusiastic applause from the audience.

"Sunstroke" told the story of a high school girl's plans for a "rain party". "Antic Spring" presented a merry six of young people on a picnic, and "Ladies of the Mop" was done in prose form with a small cast of four.

A class party followed the performance at Gerri-anne Erickson's home. Mrs. Clifford Gillis is drama coach and Robert E. Olsen is class advisor.

Mrs. Jenny Crane, Mrs. Andrew Wils, and Mrs. Hugo Schoenberg recently visited Bill Nelson at the Swedish Lutheran Home at Marinette.

## Eastern Star Meeting Tuesday

Regular meeting of R. C. Hatheway Chapter 49, Order of the Eastern Star, will be held at the Masonic Temple Tuesday, April 20, at 7:30 p. m. Initiation will take place after the meeting. During the social hour refreshments will be served by Mrs. William Winkler, chairman, Mrs. Fred Fisher, assisting chairman, and their hostess committee.

## Church Events

**St. Stephen's Church**  
Three Easter Sunday services with Holy Communion will be held at St. Stephen's Episcopal Church, the Rev. Ben Helmer, rector, at 8, 9 and 10 a. m. Traditional music will be part of the second and third service. Church School classes will not meet. Nursery care will be provided during the 10 a. m. service.

## Pregnancy In High School Is Given Airing

"It is readiness for marriage, not the exact age, that needs more attention." This was one agreement reached when 100 persons met in Marquette to discuss early marriage trends Friday.

Dr. Eugene Peisner of Michigan State University summed up the reaction of participants in the U. P. Family Relations Council meeting: "Most counseling time is spent helping teenage boys gain direction and understanding, even though it's the girls—nine to one—that are marrying before they reach 20."

Members and guests of the council heard from religious, school, social and military leaders and representatives of the legal profession.

"We're concerned about early marriages involving Air Force personnel since military establishments form an important part of the American family and community life," said Captain Harry Houseman of Sawyer Air Force Base. "Take a teenager from a culturally isolated part of the United States, put him through basic training and into a new uniform and you have a young man who stands tall but may not necessarily be mature," he stressed.

**Too Low Income**  
"His new bride may not care to leave the Upper Peninsula to establish a home in another state and also there's often an economic problem while the airman is still in the service." The Air Force considers the salary and extra benefits of airmen in the first four grades too low to adequately support a family and tries to point out the upcoming hardships, but also counsels all couples who decide to get married. "Some say they can live off love," the chaplain said, "but they get awfully hungry after a few weeks."

"We're doing most of our counseling after teenagers get married and should be giving boys and girls more information when they're in the 7th or 8th grades," emphasized Ish-peming High School home economics teacher Mrs. Inez Bostrom. "Once they're in love or think they are—it's difficult to reason with teenagers," she said.

**Called Archaic**  
Religious leaders agreed that churches generally do not have a hard policy on early marriages but they are concerned with the readiness and maturity and the results of the union.

Attorney E. Nicholas Bridges of Negaunee said attorneys can do very little effective counseling, since the parties are justifiably concerned that their statements can have legal implications. He appealed to professional workers to record counseling resources in the community and make the list available to attorneys.

Bridges said the policy of kicking married or pregnant high school students out of school in some school systems was completely archaic. "Approximately two-thirds of my divorce cases involve couples where the wife was pregnant when married," Bridges said. "I don't like these statistics," he said, urging the audience to face up to the problem through family education and school programs.

## District WSCS Annual Meeting In Iron Mountain

The Woman's Society of Christian Service of the Methodist Church in Marquette District will hold its annual meeting in Iron Mountain May 4.

Mrs. Paul Spencer of Alliance, Ohio, will speak on the topic "It's to See Ahead". For the past eight years Mrs. Spencer has served as the President of the North Central Jurisdiction Woman's Society. Her past services to the Woman's Society has included numerous offices at District, Conference and Jurisdiction levels.

The annual meeting will convene at 9:30 a. m. at the Trinity Methodist Church on "E" Street, with a coffee hour preceding from 8 to 9 o'clock.

The executive meeting Monday, May 3, is open to all who are interested.

Luncheon reservations will be received by Mrs. Harold Carlson, 411 Westwood Ave., Kingsford. Deadline is April 27.

Mrs. William Cansfield, Conference president, will install the new District officers.

The Rev. James Balfour, new District superintendent, will contribute to the program.

Mrs. George H. Wylie, president of the Marquette District, will be the presiding officer and Mrs. Clarence Shimmis, vice president, is the program chairman.

THE ENGAGEMENT and approaching marriage of their daughter, Diane Carol, to Randall McPhee is announced by Mr. and Mrs. Norman Rochefort of Garden. The future bridegroom is a son of Mr. and Mrs. Gordon McPhee, also of Garden. Both young people presently are in Detroit. The wedding is planned for July 17.

## Add Secret Mixture To Pot Roast

PLAIN POT ROAST can keep an exciting new secret.

by Gaynor Maddox

Newspaper Enterprise Assn.  
Ever hear of a plain pot roast keeping an exciting secret? Well, read on and then invite company to dinner.

The secret is a mixture of ham, salami, green pepper and egg stuffed into a pocket through the center of the roast. Adds surprisingly good flavor.

Because even heat distribution throughout pan and lid is particularly important for a successful pot roast, use your thickest aluminum Dutch oven or sauce pot for this recipe. This unusual pot roast will turn an ordinary meal into a gala event.

## HIDDEN TREASURE POT ROAST (6 servings)

- 3 lbs. eye round beef roast
- 1/4 cup chopped ham
- 1/2 cup chopped hard salami
- 1/4 cup chopped green pepper
- 1 hard cooked egg, chopped
- 1 cup chopped onion
- 1 clove garlic, chopped
- 2 bay leaves
- 1/2 teaspoon oregano
- 1 teaspoon salt
- 1/4 teaspoon fresh ground pepper
- 1 tablespoon vinegar
- 1 cup water
- 3 tablespoons instant flour

Have butcher make a pocket through the center of roast. Mix ham, salami, green pepper and egg and fill pocket with

mixture. Tie or skewer ends.

Brown roast on all sides in large aluminum Dutch oven. Drain off fat. Add remaining ingredients except flour. Cover and cook over low heat about 3 hours or until meat is tender. Remove roast to platter. Measure liquid in pan and add additional water to make 2 cups. Stir in flour. Bring to a boil. Slice pot roast and serve with gravy.

## TOOTH-BRUSHING LURES

Encourage children to brush their teeth by giving them their individual tubes of toothpaste. Electric toothbrushes also seem to work more efficiently than a parent's order.

# Hull Sets Sights On Scoring Marks

MONTREAL (AP) — Bobby Hull, the Chicago Black Hawks' blond bomber, has his sights set on several records and if he succeeds the Chicago Black Hawks might capture their first Stanley Cup championship in four years.

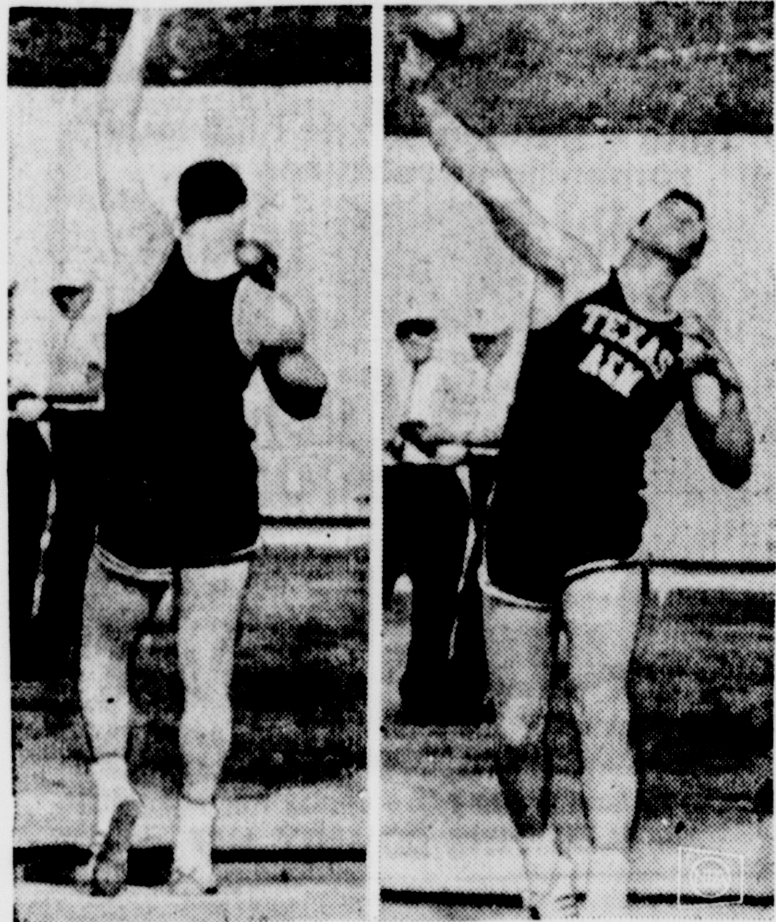

## Champ Defends Marathon Title

BOSTON (AP) — Two-time defending champion Aurele Vandendriessche of Belgium heads a quartet of former winners in a record field of 441 for the 69th Boston AA Marathon Monday.

Although there are 50 more entries than in any previous BAA test, the winner is expected to be one of eight — Vandendriessche, two Finns and five Japanese.

Eino Oksanen, 34-year-old Helsinki detective who won here in 1959, 1961 and 1962, has brought Finnish national champion Eino Valle with him. Finland has had six BAA winners in 11 years.

The Japanese, who won this event three times in the 1951-55 span, have dispatched a swift delegation headed by Takayuki Nakao, 26, author of a 2:15.37 clocking last December. Vandendriessche holds the Boston course mark of 2:18:58. The other men of Nippon are Morio Shimematsu, Hideaki Shishibo, Yoshikazu Funasako and Kazuo Matsubara.

GOOD SHOT—Texas A&M's Randy Matson just missed the world record for the shot put with a heave of 67-9, one inch short of Dallas Long's mark of 67-10.

# Matson Eyes Own Records

LAWRENCE, Kan. (AP) — Randy Matson, Texas A&M's young giant, will go after his own world in the shotput and several other meet records will be in jeopardy in the 40th Kansas Relays today.

The 19-year-old Matson threw

The Hawks eliminated Detroit's National Hockey League champions in the seventh game of the semifinals Thursday and open the best-of-7 finals in Montreal tonight.

Hull scored eight goals and had five assists for 13 points against Detroit. The eight goals tied a semifinal record which Hull previously shared with Detroit's Gordie Howe and Jerry Toppazzini of Boston.

This leaves Hull only four goals short of the playoff record of 12 shared by Montreal's Maurice Richard and Jean Beliveau and only eight points short of the 21 made by teammate Stan Mikita in the 1962 playoffs.

Anything Hull does on the ice shouldn't surprise anyone, but his resurgence in the series was unexpected because of injuries which thwarted his goal-scoring record attempt during the regular season.

Hull scored 32 goals in the first half of the season but was limited to seven in the last half as he first injured one knee and then the other.

When the Hawks had been eliminated from the NHL title race and could do no better or worse than third place, Hull sat out the final 10 days of the season. He returned when the playoffs started and improved to the point where it appears he has recovered completely.

Montreal, well rested after concluding its series against Toronto in six games last Tuesday, will be in good shape except for the loss of defenseman Jacques Laperriere. He will miss the series because of a broken leg suffered in the finale against the Maple Leafs.

The second game of the series will be played in Montreal Tuesday and then the scene will shift to Chicago for games Thursday and next Sunday.

## Two Are Tied For Golf Lead

HOUSTON, Tex. (AP) — Bert Yancey, a Floridian by way of Philadelphia, shared Texas Aggie Day at the \$55,000 Houston Golf Classic today with Billy Martindale and Bobby Nichols.

Yancey and Martindale were tied for the lead at the half-way mark in the 72-hole chase for \$12,000 in top money with 135 totals.

Martindale shot a 66 Friday, and Yancey came in with a 70.

Nichols, the 1964 PGA champion, blew a two-foot putt on the final green to drop one stroke off the pace. He had a 69 for a 136 total.

Aggie grads were expected to swarm onto the 7,233-yard par 71 Sharpstown Country club course because Nichols, 29, was a member of the class of 1958, and Martindale, 26, followed in 1961.

Nichols is accustomed to having a cheering Aggie gallery to follow him in Houston. They got into the habit in 1962 when the former Southwest Conference champion won the Classic and \$9,000.

Tied at 137 were Bruce Devlin of Australia and Don January, the 1960 PGA runner-up from Dallas, Tex.

## Dilley Named Best Swimmer

EAST LANSING (AP)—Backstroke ace Gary Dilley, who won a silver medal in the Olympics at Tokyo, was top winner of post-season honors among Michigan State swimmers.

Dilley, sophomore from Huntington, Ind., won both the outstanding varsity swimmer and excellence of performance awards. Dilley won NCAA and Big Ten titles in the 100 and 200-yard backstroke.

John Ladd, sophomore butterfly swimmer from St. Louis Park, Minn., received the Robert Lantz Scholarship Award.

Dennis Hill, junior freestyler from Lansing, was named most improved swimmer and Peter Williams of Pittsburgh received the outstanding freshman award.

## Spartan Star Gets Watches

EAST LANSING (AP) — If anybody on the Michigan State hockey team always was in the right place at the right time, it was Doug Roberts.

So what was his reward? Two watches.

Roberts, 22, of Detroit, received one watch—the Bill Present Award—for winning his teammates' vote as most valuable player.

The other was the Stevenson Award for high scoring honors. Roberts fired in 28 goals and had 33 assists for an MSU record of 61 points.

Senior center Gary Goble of St. Catharines, Ont., was named most improved player. Robert Fallat, wing from Espanola, Ont., was named outstanding freshman.

## Sport Shorties

Tommy Lee led the puckeys at Laurel, Md., thoroughbred meetings in 1964.

Penn State's basketball team won 20 and lost 4 games last season. Princeton beat the Nittany Lions, 60-58, early in the NCAA playoffs.

Charles Benoit, senior from Agawam, Mass., captains the Yale lacrosse team.

ARNOLD THE ORATOR—Red Auerbach, coach of the Boston Celtics and an expert in the art of communication, especially with referees, gives advice during a timeout.

# Celtics' Coach Fears Letdown Against Lakers

BOSTON (AP) — Boston Coach Red Auerbach fears a letdown more than the Los Angeles Lakers in the National Basketball Association championship series opening here Sunday, although his Celtics are 2-to-1 favorites to gain their seventh straight NBA crown.

The Celtics won an NBA season's record 62 games, then survived a fight to edge Philadelphia 110-109 in their Eastern Division showdown Thursday.

Los Angeles wrapped up the Western Division series in six games against Baltimore despite the absence of all-league forward Elgin Baylor, who underwent knee surgery at the start of the playoffs. Boston beat the Lakers 7 out of 10 meetings during the season with Baylor in the line-up.

"Don't tell me they're crippled without Baylor," Auerbach said. "I see they're scoring just as well. And it took more than Jerry West and Dick Barnett to pick up the slack."

"Los Angeles should be easier after Philadelphia and that Wilt Chamberlain," said veteran Celtics' cornerman Tommy Heinsohn. "But all playoffs are tough. We've got to be careful not to have a letdown after the 76ers finish."

West, second high scorer to Chamberlain this season, averaged a fantastic 46.3 points a game against Baltimore and Barnett had a hot hand, too.

Boston has had two previous finals' encounters with the Lakers. Three years ago Frank Selvy's shot with two seconds left in regulation just missed bringing Los Angeles a title before Boston won in overtime 110-107. A year later Boston won in six.

## Tech Ski Hill To Be Improved

HOUGHTON — It was recently announced by officials at Michigan Technological University that an improvement program for Tech's Mont Ripley ski hill has been approved by the school's administration.

The Michigan Tech Board of Control and the Tech Foundation Board of Trustees approved a plan submitted by newly-installed Michigan Tech president, Dr. R. L. Smith, calling for the installation of the 1600 foot T-bar lift, a new two-story chalet and slope improvements to increase the skiable area at Mont Ripley.

The plan will include \$125,000 in new equipment and general improvements. The Board of Control and the Board of Trustees have each agreed to supply half the funds necessary to complete the improvement plan. None of the money will come from state tax funds.

# Runaway Tigers Cheer Dressen During Reunion

LOS ANGELES (AP) — The Detroit Tigers have a virtually unanimous explanation for their winning streak. "Team spirit."

It's that simple, and this was the talk among the happy Tigers in their preparation for tonight's three-game series opener with the Los Angeles Angels.

Undeclared and all alone atop the American League after three games, the Tigers are enjoying their best seasons start in five years.

For a reunion Friday with ailing manager Charlie Dressen, the Tigers had the best gift possible in their unbeaten string.

Dressen, recuperating from the heart attack he suffered midway of spring training at Lakeland Fla., had a jolly clubhouse meeting with the team.

"Nice going," Charlie told interim manager Bob Swift. "I hope you win 30 in a row."

"When you get back, we'll be seven games in front," Al Kaline told Dressen.

Disobeying his doctor's orders, Dressen spent an hour and 35 minutes at Dodger Stadium. He had been limited to 45 minutes.

Dressen, 10 pounds under normal weight at 167, said he had no idea when he could rejoin the club. He said he has permission to attend the games tonight and Sunday.

Among the reports to Dressen was Swift's own declaration that he never has seen a team

with such a spirit as the early-season Tigers.

Swift's players already had echoed him on that score.

Kaline's swift start, including his winning two-run homer against the Minnesota Twins in the third victory Thursday, was given credit, too.

But the veteran star declined any bows. On the contrary, he insisted Norm Cash's earlier three-run blast was the key blow.

This sort of streak was really nothing new for Swift as an interim manager.

The Kansas City Athletics won 10 games in a row for Swift five years ago when Bob was replacing ailing manager Harry Kraft of the A's.

Swift conceded this one had a difference, however.

"It's the start of the year and this is a much better club," he said.

Phil Regan, making his first 1965 appearance, will start for Detroit tonight against Fred Newman (0-1) of the Angels.

# Koufax Will Pitch, Pack Elbow In Ice

By The Associated Press

Sandy Koufax will be on ice Sunday, hopefully feeling no pain.

And when his arthritic elbow thaws out, the Los Angeles Dodgers may have their first major clue to how often their ace left-hander will be able to lend his talents to the chase for the National League pennant.

Currently labeled for use only on Sundays, the 29-year-old strikeout king makes his first

start of the regular season at Philadelphia Sunday, then will take the necessary precautions by packing his elbow in ice and awaiting the results.

But since Koufax' return to the Dodgers and last Sunday's three-inning stint against Washington in an exhibition game, the uncertainty surrounding his condition has abated.

Koufax handled the Senators with little difficulty, allowing only one hit while striking out five and walking none. Afterwards he said:

"I'm ready to pitch any time. I feel better than I have the entire spring. In fact, I feel amazing."

Nevertheless, Manager Walt Alton has held Koufax out for an entire week. But Alton has been optimistic. Asked Friday to list the best things that have happened to the Dodgers since the season began, he started unhesitatingly:

"One—the recovery of Koufax."

While Koufax was preparing for his big test, slugging San Francisco first baseman Orlando Cepeda was told his right knee was mending satisfactorily

and he should be ready to begin full workouts in about a week.

Cepeda, who hit .304 with 31 homers and 97 runs batted in last season, underwent surgery on the knee last December but his progress has been slow. Cepeda, however, was told that he had nothing to fear—the knee would be as good as new.

The Giants were scheduled to go under the probing eye of the television cameras Saturday in one of three games to be telecast with the aid of the isolated camera and stop-action technique, used for the first time in baseball television.

The techniques, enabling the television cameras to zero in on a single phase of any play, were being used by the American Broadcasting Co. in its Game of the Week series. The techniques have been used in pro football telecasts.

The Giants-Mets game will be telecast in the Eastern Central and Mountain time zones, Baltimore at Boston for New York City only and Chicago at Milwaukee for the Pacific time zone.

There were no games scheduled in the major leagues Friday.

# Escanaba Track Team Bolstered By 15 Veterans

Ten track lettermen and five veterans from the cross country squad form the nucleus of the Escanaba High School track and field team working out daily under coaches Henry Wylie and Jerry Cvergros.

The Eskymos will open the outdoor season with a dual meet at Marquette April 27.

Returning letter winners from last year's Great Lakes Conference track champions are Ray Anderson, Chuck Brookes, Jim Clairmont, Gary LeClair, Dick Rusha, Bill Sarnowski, Tom Bjorkquist, Jim Hansen, Gary Vandeville and Paul Miller. Bolstering the squad are cross country lettermen Rodney Beauchamp, Bob Johnson, John Vandeville, Tom Duchaine and Bob Swenson.

The squad is composed of 15 seniors, 17 juniors, 30 sophomores and 25 freshmen.

In addition to dual meet action, the Eskymos have a solid season ahead which includes the Great Northern meet May 1. Great Lakes meet May 8, regional May 15 and U.P. finals at Houghton, May 22.

In addition to the veterans, other members of the squad include seniors Dale Helms, Jim Johnson, Steve Johnson,

Charles Londo, Mike Olson and Wayne Seibert, juniors John Anderson, Mike Blahnik, Tom Brayak, Harland Fisher, Ed Gauthier, Jack Long, Mike Meier, Gary Olsen, Tim Peterson, Dennis Porath, Lee Robitaille, Bob Schleicher and John Wery, sophomores Bruce Baunler, Bill Bellefeuil, Mike Benno, Charles Bomaster, Jim Boyle, Jim Buckley, Jim Clements, Bruce Craig, Kerry Denoo, Allen Hansen, Bob Hanson, Bob Irish, Dennis Johnson, Jon King, Mike King, Bernard Larson, Tom Morin, Bob Myrvall, Paul Nelson, David Nyquist, Vern Olson, David Olson, Carl Oslund, John Pepin, Jim Provo, Randall Steinhansen, Dale Thibodeau.

Freshmen out for the squad include Richard Anderson, Tom Anzalone, Mark Bell, George Bonfield, Tom Boyle, Jerel Brazeau, David Breault, Ronald Caron, David Cass, Lee Fix, Alfred Gossan, John Hanson, John Gucky, Steven Javurek, Richard Larsen, Stephen Miketinac, Mark Neumeier, Mike O'Brien, Robert Palmquist, Patrick Rogers, Robin Sheedlo, Raymond Segorski, Wesley Schultz, Michael Trim and John Vardigan.

# Gladstone Has 10 Lettermen On Track Team

GLADSTONE — Coach Bob Richards is drilling a squad of 55 track athletes, including 10 returning letter winners, at Gladstone High School.

The Braves saw action in the sixth annual indoor invitational meet at Northern last week and also took part in an indoor test with athletes from Gwinn, Marquette and Marquette Baraga. The Braves dominated that meet, scoring 62½ points to 33½ for Gwinn, 27 for Marquette and 13½ for Baraga.

Following is the list of lettermen on the squad.

Mike Gobert, Ricky Ebbsen, Gary Englund, Bruce Ellison, Steve Cowan, Al Howes, Carl Norkoli, Keith Apelgren, Don Empson and Jeff Orton.

Other top prospects include Jim Carlson, Dick Balding, David Washburn, Keith Burch, Bob Kelly, Hugh Pope, Richard Anderson, Don Pfothenauer, Phil Peterson, Don Empson, Gary Larson, Roy DeWitt, Don Pepin, Peter Jarvis, Jim Swenson, David Lappi, Scott Apelgren and Steve Schram.

Norkoli, a junior, set a new school record in the half mile this spring when he was clocked in 2:08.3 in an indoor

effort at Northern. Ellison set the old record at 2:09.3 last year.

Englund took a first in the mile in 4:57.1. Washburn leaped 19 feet 5 inches in the broad jump. Ebbsen was first in the low hurdles and tied for first in the highs and Gobert stepped the 60 yard dash in 6.7 seconds.

Ellison placed second in the half mile in the U. P. finals last spring but has been ill this year and is not yet in top form. Cowen, a senior hurdler, has been hampered by a sprained ankle.

Richards is serving as Gladstone track coach for the first year, succeeding Jim Hirn who is no longer in the school system.

## Pool Tourney Opens Monday At Club 314

The City Recreation Department announced today that the 14th annual pocket billiards tournament will open at Club 314 Monday night.

The boys' junior division will swing into action at 6:30 with 16 hopefuls competing for the title won last year by Greg Kern who moves up to the intermediate class this year.

The intermediate group is scheduled for Tuesday night and entries will be accepted up to 9 p.m. Monday. Boys 16 and 17 are eligible to compete in the intermediate division.

The senior division, for players 18 and over, will be run off on Thursday night. Entries will be accepted up to tournament time Thursday night at 6:30.

HOME, SWEET HOME—Dick Farrell tests the pitching mound at Harris County domed stadium, the new home of the Houston Astros.

## Treasury Says U.S. Output Is Up 100 Billion

WASHINGTON (AP) — Secretary of the Treasury Henry H. Fowler said pointedly today that the \$100-billion increase in U.S. production since early 1961 exceeds the entire annual output of France and Belgium.

The new head of the Treasury mentioned the comparison only in passing — “as a yardstick” — yet it appeared to be a strong reminder to Europe of the enormous strength of the U.S. economic structure.

President Charles de Gaulle of France has converted huge amounts of dollar holdings into gold and has urged other countries to follow suit.

In a speech prepared for the closing day of the convention of the American Society of Newspaper Editors, Fowler also noted that \$100 billion in increased production — even after allowing for the inflationary factor — “far exceeds the entire added output during the same period by all of Western Europe.”

“As a yardstick, one might remember that this added slice on our national cake in the last four years exceeds the entire gross national product of France and Belgium.”

“In fact, the increase alone in our national output over the

## Thunderchief Jet Fighters Set Distance Record

LANGLEY AIR FORCE BASE, Va. (AP) — Two Republic F105 Thunderchief jet fighters have flown 5,730 miles non-stop, apparently an operational flight distance record for the craft.

Headquarters of the Tactical Air Command here announced Friday that the two F105s made the flight April 13 from Hickham Air Force Base in Hawaii to Kadena Air Base in Okinawa. The time was 9 hours and 44 minutes.

A spokesman said the previous record for the F105 was 4,422 miles from Guam to New Zealand.

In-flight refueling on the April 13 flight was done by KC135 Stratotankers of the Strategic Air Command.

## Father Coughlin Retiring At 73

DETROIT (AP) — The Rev. Charles E. Coughlin, nationally known “radio priest” of the 1930s, reportedly plans to announce his retirement Easter Sunday. He now is 73.

The Detroit Free Press reported it had learned Father Coughlin likely would announce his retirement Sunday from the altar of his Roman Catholic Shrine of the Little Flower in suburban Royal Oak.

Father Coughlin declined to accept telephone calls or see newsmen, but a secretary quoted him as saying “There is nothing definite about it.”

“I can’t deny it and I can’t confirm it,” said the Rev. William J. Murphy, an assistant pastor to the one-time controversial, barbed-tongue Father Coughlin who sometimes lauded Hitlerite Germany while castigating President Franklin D. Roosevelt in his national radio network programs.

Father Coughlin has served as pastor of the Shrine of the Little Flower since 1916. He started his radio career in 1926.

In his broadcasts he attacked bankers, Soviet Russia and Great Britain, as well as Roosevelt.

## Personals

Judy Norton of Wausau, Wis., and guest, Roger Sobata, of Wisconsin Rapids, spent the Easter weekend with her parents, Mr. and Mrs. John Norton Jr., 602 S. 11th St.

# GLADSTONE

## Lodge To Honor Past Masters

Gladstone Lodge 396, F.&M., will honor their Past Masters at the annual Past Masters banquet to be held at the Masonic Temple Thursday at 6:30 p. m. Fred Rydholm of Marquette will be the speaker.

Marvin Larsen, Worshipful Master, has arranged a special program and Wallace Cameron will be the toastmaster. Dwight Cochran will be presented his Past Masters ring.

Tickets may be obtained from any of the officers and a special invitation has been extended to all past masters of the lodge.

## Briefly Told

Gladstone police issued traffic tickets to David Washburn, 1013 Superior Ave., and Ronald B. Tippet, 1008 9th Ave., S., Escanaba, for speeding, and to Hildur Axelsson, 506 N. 5th Ave., for failing to stop for a stop sign.

State Police of the Gladstone Post have issued traffic summonses to the following drivers: Leon Foster, 715 Minneapolis Ave., Gladstone, speeding; Howard Fritz, Rte. 1, Escanaba, failure to stop for stop sign; Jimmy Lund, Flint, speeding; Janet Richer, Schaffer, no valid operator's license; Thomas Milkovich, 422 S. 16th St., Escanaba, defective brakes; Adolph Getzloff, Wilson, defective equipment.

## Central P.T.A. To Meet Tuesday

The Central P.T.A. will hold its regular meeting at 8 p.m. Tuesday at the James T. Jones School.

Officers will be installed and Gary Nieuwenkamp, president of the Gladstone scholarship and student loan foundation, will detail plans for the coming fund-raising drive. James Boman, forensics coach, will present several of his students.

Refreshments will be served by mothers of Gene Schmidt's second grade students.

Sir Francis Drake found the potato being eaten as a staple food in South America in 1577, according to Encyclopaedia Britannica.

Manistique News

Death Claims Mrs. Norman

Mrs. Joseph Norman, 50, of Germfask died at 8:20 a.m., Friday in St. Vincent hospital in Green Bay where she was a patient two weeks. She was the former Helen Stroup.

Born Dec. 15, 1914 in Watertown, S. D., she attended schools in Alma Center, Wis., and was married in Los Angeles, Calif., April 14, 1945. She and her husband moved to Germfask, where they own and operate Joe's Sport and Electric Shop, in 1960.

She was a member of St. Theresa church and St. Jude Circle.

Surviving are her mother, Mrs. Carrie Stroup, Alma Center, Wis., her husband, a brother, Donald Nohelty, West Palm Beach, Fla., and a sister, Mrs. William Ball, of Whitehall, Wis.

Friends may call at Messier-Broulliere Funeral Home beginning at 10 a.m., Sunday. Liturgical prayers will be recited at 8 p.m., Sunday. Funeral services will be conducted in St. Theresa church in Germfask Monday at 10 a.m. Burial will be in Fairview cemetery.

Donald Lloyd Has Scholarship

Donald Lloyd, 18, son of Mr. and Mrs. Donald S. Lloyd, Rte. 1 has received a \$300 state scholarship, renewable for four years of college.

He took qualifying examinations last November for the scholarship program, newly established in the state.

He plans to enroll at Northern Michigan University and become a high school teacher.

Briefly Told

DeMolay Mothers Club meets Tuesday, April 20 at the Masonic Temple at 7:30 p.m. All mothers are asked to attend to make plans relative to the U.P. DeMolay Conclave May 1.

A turkey dinner will be served under the direction of Edward Jorgenson at the meeting of the Zion Lutheran Churchmen's meeting at 6:30 p.m., Monday, April 16. Rev. Edward Peterson, chaplain at Newberry State Hospital will speak.

The Civics club of St. Francis de Sales school heard a talk by David Kelly of the Manistique radio station Friday. Officers of the club are Jimmy Slining, president, Barry Varvil, vice president, Dave Haranda, secretary-treasurer.

S.A.R.C. Meeting

Dr. G. D. Maniaci of Gladstone, vice president for U. P. M.A. R.C. will speak to the S.A.R.C. chapter at its meeting April 22 at 8 p.m., in room 4 of Manistique High School. He will speak on what can be done for the slow learner.

City Briefs

Dr. and Mrs. A. J. Radgens, 611 Manistique Ave., have returned from Florida after a six-week vacation.

Hospital

Admitted to the Schoolcraft Memorial Hospital were Michael Shelly, Shingleton; Colin Gould, 132 N. 5th St.; Robert Johnson, Ensign; Joseph Miller, 442 Walnut.

Discharged were Ronald Morton, Erma Selleck, Frank Warham and Lillian Houghton.

State Briefs

EAST LANSING (AP)—Some 300 Michigan State University home economics graduates are expected to return to campus April 24 for the 16th annual Home Economics Alumnae Day.

CHICAGO (AP)—The regional office of the General Services Administration here is soliciting bids for improving the U.S. Post Office at Alma, Mich. Estimated cost is between \$20,000 and \$30,000.

DETROIT (AP)—The National Holiness Association, representing churches in the United States and Canada, will hold its annual convention in Detroit April 20-23.

GREENVILLE (AP)—Auto radiator repair shop operator Ward Wood responded to a telephone call from Don Bullard to pick up and repair a car in the Ranney Refrigerator Co. lot here. Wood found a car such as Bullard described, with the keys in it, and put \$14 worth of repairs on a radiator leak. Then he heard by radio that the car had been stolen from the lot. Wood reported to police, who reported to motorist Fred Billings, who said he didn't even know about a radiator leak. Wood faces the task Monday of trying again on the job originally ordered by Bullard.

Explosion Causes Fire In Foundry At Muskegon

MUSKEGON (AP) — A fire, following an explosion, swept a portion of the Western Corp. foundry, one of this area's largest employers, late Thursday. Damage was extensive but no injuries were reported.

Fire Chief Dennis B. Ford said after a preliminary investigation that the loss might go as high as \$100,000.

The blaze broke out about 5 p.m. in the big properties about a mile from downtown Muskegon on Muskegon Lake.

The afternoon shift of Western's 650 workers was on duty at the time.

James R. Seyferth, company president, said an explosion occurred when a switch was thrown to cut in an electric furnace. He said the fire swept the melting, moulding and core-making section of the plant.

More than half a million dollars was spent in Tobago on road and bridge improvements in 1964.

## Attend the Church of Your Choice

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
John 6:25-40	II Corinthians 5:16-21	Galatians 6:11-16	Ephesians 4:17-24	I Thessalonians 4:13-18	Hebrews 10:19-25	II Peter 3:8-13

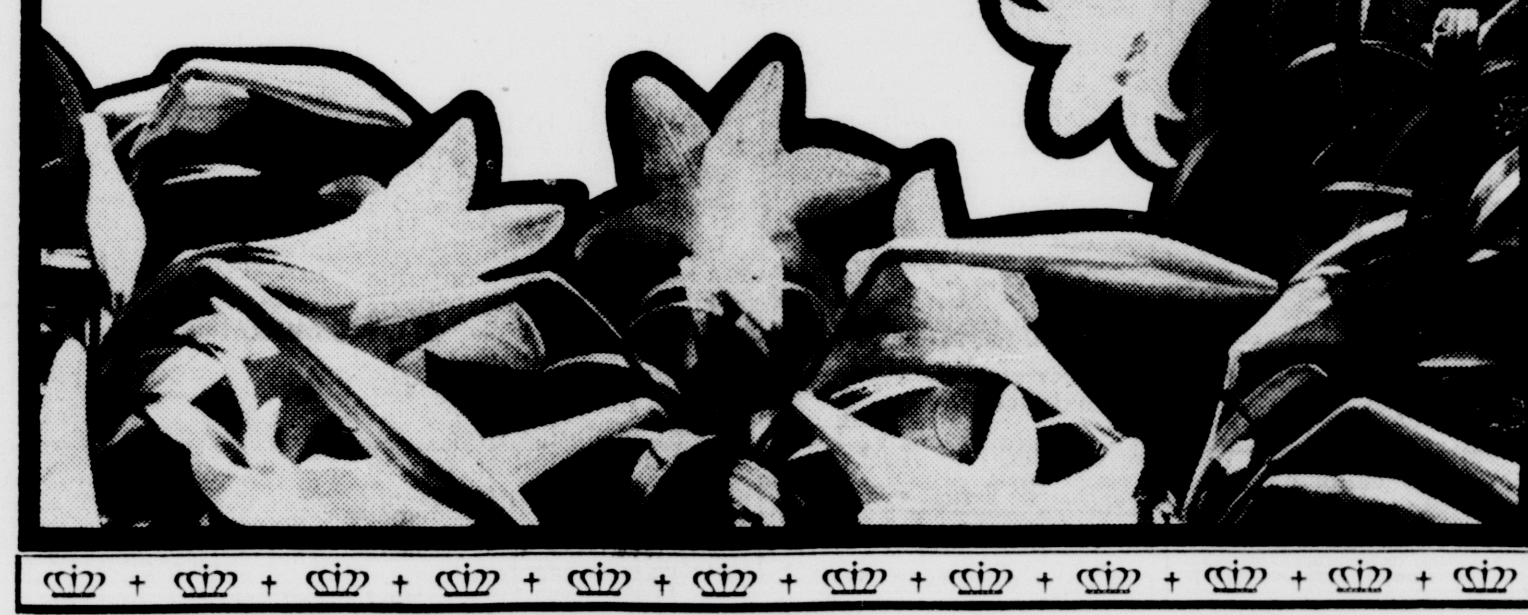

## EASTER MESSAGE

She's as young as spring-time, as sweet-scented as a lily, beautifully serious with the total dedication of youth. People in church smile as they watch her, and they walk out into the April sunlight feeling better, happier, for having seen her.

They cannot, ever again, be as young as she is, but this doesn't seem to matter. For she is a symbol to them. She represents the wonder of spring when the world becomes new and fresh again, when flowers bloom as if for the first time, and when the Church retells the story of its greatest miracle — Christ's promise of everlasting life.

This, unquestionably, was the greatest promise ever made, and the reminder of it comes at Nature's most perfect season. Be sure that you go to the church of your choice this Easter, so that you may again hear and remember the Easter message in all its glory.

Bonnie Hay

## Student Plans Indian Summer

"Indian Summer" will begin a little early this year for Bonnie Hay, a senior at Escanaba Area High School.

And instead of observing it in the cool confines of the Upper Peninsula, she'll get a taste of the warm summer climate of Arizona.

Bonnie, daughter of Mr. and Mrs. William Hay, Rte. 1, Escanaba, has volunteered to serve with a group of young people from all over the country as an Episcopal missionary to the Navajo Indians.

Home base will be Good Shepherd Mission, Fort Defiance, Ariz., but she will stay with an Indian family during the seven week program from June 20 to Aug. 13.

"I'm really looking forward to the summer," Bonnie said. "This is going to help me decide what I want to do in the future."

Though the Arizona climate will be a new experience for her, Bonnie is a "veteran" when it comes to working with Indian families. Last summer she joined other Episcopal young people building homes and at the Potowatomi reservation south of Bark River.

This year she'll serve more as a teacher than a carpenter. Her prime responsibility will be to teach elementary Bible classes in the church. She will also make sick calls and help Navajo families with domestic problems.

## World Needs Help Of U.S., Romney Says

(Continued from Page 1)

trade on a company - to - company basis and industry-to-industry basis.

3. Develop international partnership investment insurance to accelerate investment in high-risk areas of South America, Asia and Africa.

### Can't Go Alone

Romney declared that the United States should not go it alone in such a plan, but "rather than antagonizing our newly prospering allies, we should work with them to build new markets, and thus help to build the kind of world in which we all would like to live."

"Above all, he said, "Americans must recognize that policies of economic nationalism and economic imperialism are as out of date today as the crossbow and the catapult. It is a basic truth that you never really possess anything unless you share it."

"And unless we change our policies and our fundamental attitude toward the rest of the world, the resentment of the awakening giants of the earth will surely turn against us in our selfishness and softness and destroy us."

### Customer Forgotten

Domestically, he told more than 1,000 news executives, the United States must move away from what he called the "two Frankfurters" of "monopolistic union and monopolistic employer organization."

He said the New Deal, Fair Deal, New Frontier and Great Society of 20th Century Democratic presidents "have looked to a collective - bargaining standoff, power conflict between capital and labor, and to reliance primarily on direct or indirect governmental action to assist the disadvantaged - and this isn't good enough."

He said that in major industries, corporate and union centers "are skimming the cream off our economic progress. The customer is increasingly the forgotten man."

## In Service

Captain David L. Viau, son of Mr. and Mrs. Lawrence J. Viau of 1819 Grand Ave., has been graduated from the U.S. Air Force Squadron Officer School at the Air University, Maxwell AFB, Ala. The captain received his B.S.E.E. degree from Michigan Tech. He was commissioned there through the Air Force Reserve Officer Training Corps program and is being reassigned to Hill AFB, Utah.

# Retarded School Takeover Asked

The Delta County Chapter, Michigan Assn. for Retarded Children, which operates the John F. Kennedy School for Retarded Children with 16 students has asked the Escanaba Area Board of Education to take it over.

The Chapter has been conducting a school program for the trainable retarded of the county for the past nine years with volunteer funds and for over a year has operated the Kennedy School on the Webster School campus.

The Chapter has directed its request to the Board in advance of its Tuesday evening meeting. The Board now accepts the educable retarded for schooling, but would have to create a new department of schooling for the trainable, who are too severely retarded to be educable within the present definition of the term by the state's public school system.

The Chapter's communication said that the state education code permits local school boards to establish a training program for trainable retarded in their community and will reimburse the local school district "two state aid memberships or 75 per cent of the cost of the program up to a maximum of 15 pupils per teacher."

Tuition will be paid by the state from other school districts sending mentally retarded to an established and approved program in different school district and there is also state aid for transportation.

All 16 children in the Kennedy School have been evaluated by the Child Guidance Clinic and found eligible on an I.Q. scale for the Type B program proposed, said President Jack Savard of the Chapter. The organization proposes to give the building, worth an estimated \$75,000, to the school district.

If the district chooses to training the retarded in other facilities the Chapter urges that the school building be returned to it for other programs with the retarded. The Chapter says its present operational cost is \$6,000 and that the next year it will be \$10,000. It asks the District to take over next September.

## Shrine Pastor To Take Rest

ROYAL OAK (AP) — Rev. Charles E. Coughlin, 73, announced in an Easter Day sermon at his Shrine of the Little Flower Church Sunday his vacation will be for two or three months.

Father Coughlin, pastor of the Roman Catholic church for nearly 50 years and who was noted for his broadcast sermons of the 1930s, did not disclose his vacation plans.

An official spokesman for the Shrine earlier denied reports that Father Coughlin was retiring. He said the priest would go on a vacation for a rest.

Parishioners packed the church for a midmorning Easter Mass at which Father Coughlin made his announcement.

He adjured his congregation to "hold firm to the faith as I go away for two or three months for a rest I sadly need."

## 4-H Garment Honors Posted

After a final rejudging for the selection of the top 4-H garments the following girls were selected:

Judged the top 4-H garment in Delta County was a suit made by Carol Jean Arkins, Bark River. Six other garments were selected for exhibit at the U.P. Fair. In the Senior Miss division: Christine Stockholm, Gladstone; Jackie Dittrich, Hyde; Junior Miss division: Janet Gucky, Pine Ridge; Donna Kamen, Mid-County, Rte. 1, Escanaba; Young Miss division: Connie Lundin, Ensign; Debbie Sodergren, Mid-County, Rte. 1, Escanaba.

Five Knitting articles were also selected, for exhibit at the U.P. State Fair. They were made by Barbara Stemick, Flat Rock; Sandy Gibbons, Ensign; Kathy Sundquist, Pine Ridge; Nancy Weldum, Rock; and Linda Deneau, Rapid River.

HOLY NAME high school students are busy rehearsing for "Meet Me In St. Louis," a comedy to be presented Friday, Saturday and next Monday in the school's multipurpose room. Above, from left to right, are: Lani Norton as Esther; Mavis Erickson as Agnes; Mary Ann De-  
loria as Mrs. Smith; Sharon Curran as Rose; and Charles Pineau as Mr. Smith. Below, Glenna Paeske, who is "Tootie," chats with David Prinski, a rather young looking "Grandpa." (Daily Press Photos)

## Deer Deaths Climb Feared

Despite mild temperatures of the past week, Michigan Conservation Department officials expect more deer losses in the Upper Peninsula through starvation before the spring break-up is over.

There was still a great deal of snow in the woods, and deer faced tough going in the Lake Superior watershed in the western Upper Peninsula.

Up to the first of last week, Conservation Department records showed at least 58 confirmed cases of deer dead of starvation in the Upper Peninsula. Undoubtedly, there were many more starvation deaths that hadn't been reported.

Hardest hit was the part of the Upper Peninsula west of Marquette and north of Highway M 28.

"There is more snow in this area than there was in 1962 when we had quite a heavy loss," said William E. Laycock, Marquette, regional game supervisor for the department.

Of the 58 confirmed starvation losses, 33 were reported in the Baraga District (Baraga, Houghton, Keweenaw, Ontonagon and Gogebic Counties), where residents this winter undertook a volunteer program to feed federal surplus corn to deer.

Eight confirmed losses were reported in the Crystal Falls District (Iron, Dickinson and Menominee Counties), all of them from the Cook's Run area in west Iron County.

Thirteen losses were recorded in the Escanaba District (Delta and Marquette Counties and the west half of Alger). Two of them were from west of Skandia, four from the Huron Mountains and the remainder from the Echo Lake Area north of Marquette, where Biologist Thomas Prawdzik, Ishpeming, found six starved deer in one day.

From the Newberry District, covering the eastern Upper Peninsula, only one authentic starvation case has been reported. Laycock said more favorable snow crusting conditions in the eastern U. P. this year helped keep starvation losses down.

## Iron Mt. Host To U.P. Elks

Iron Mountain Elks Lodge No. 700, host lodge of the spring convention of the Northwest and Northeast Districts of the Michigan Elks Association, is expecting a gathering of 250 Elks and their ladies on April 23, 24 and 25. Milton D. McKay, president of the Michigan Elks Association will speak at the banquet. Roy R. Gallie, vice president-at-large of the Michigan Elks Association will also be in attendance along with other officers of the Michigan Elks Association and officers from the two Upper Peninsula districts.

Jack Fornetti and Anton Weiss are general co-charimen.

## Weekend Traffic Accidents Kill 14

Two children and an adult, killed in a car-train collision while en route to church services, were among 14 persons

## Meeting Course Starts Tuesday

A series of three meetings on "Making Meetings More Productive" will begin with registration at 7 p.m., Tuesday, at the State Office Building. Other meetings are scheduled there for April 27 and May 4. All are two hour sessions to begin at 7:30. A fee of \$1.50 will cover the cost of a kit of materials and other expenses.

The workshop is planned for group leaders and members and is being conducted under the leadership of Michigan State University Extension Service and Bay De Noc Community College. It is sponsored by county organizations.

The first session, April 20, will deal with "Understanding Your Group." Dr. Margaret Jacobson, program leader; Emil Fimbinger, youth programs, and Richard Rinehart, president, Bay De Noc Community College, will act as resource people. Students of the college will participate in part of the program.

Wallace Cameron, superintendent of schools, Gladstone, will preside at the second session, Tuesday, April 27. Dr. Sheldon Lowry, associate professor of sociology, Michigan State University will conduct this second meeting on "What is Leadership," and "Where Do You Find It?" He will also discuss the essentials of parliamentary procedure.

Mrs. N. L. Lindquist, president, Escanaba League of Women Voters, will preside at the last session Tuesday, May 4. Resource people will be Dr. Margaret Jacobson; Fimbinger and Rinehart.

Topics for the evening are: effective committees; Tips on Group Discussion; Leading A Panel Discussion; and Introducing and Handling Speakers. A feature of the evening will be a panel on publicity and public relations. Serving on the panel will be: Jean Worth, editor of the Escanaba Daily Press; Ed Dahl, manager, WDBC; Mrs. Marvin Marshall, Mrs. Carlton Johnson, and Mrs. J. L. Heirman. Rinehart will be moderator.

Interested persons are asked to pre-register by calling Bay De Noc Community College, 786-5802, or by registering in person at 7 p.m. at the first or second session.

killed in Michigan traffic accidents over the Easter weekend.

## Girl Scouts Get Easter 'Flavor' With Egg Hunts

Central Delta Girl Scouts caught the "flavor" of Easter a day early Saturday with their annual Easter Egg hunts.

About 60 Junior Scouts participated in a hunt at Pioneer Trail Park and 32 Brownies searched for eggs at the Robert Cappear home, Soo Hill.

Most egg winners in the Junior Scout hunt were: Troop 18—Linda Moreau, Janet Cousineau; Troop 70—Rita Freiseis, Sharral DeGrave; Troop 12—Cathy LeClair, Judy Kallio; Troop 6—Patti Bruce, Linda Moras. The special gold egg was found by Laurie Fraddo, while Sharral DeGrave found the silver egg.

In the Brownies' Easter egg hunt, Mary Myers, Janice King and Donna Dutree found the most eggs. Carol Bergeon spotted the silver egg and Kathy Lancour found the gold egg.

Winners were given girl scout equipment for prizes.

## Police To Enforce Two-Hour Limit In Parking Lots

Escanaba police will begin enforcing a two-hour parking limit in two city-owned parking lots Tuesday, police chief Harold Finman announced today.

Lots involved are: The east one-half of the city hall parking lot; and all of the parking lot in the 1200 block on 1st Ave. N.

The west half of the City Hall parking lot will continue open for all-day parking.

The policy on limited parking was adopted by the City Council in response to requests of merchants who are concerned about lack of off-street parking in the downtown area.

## Maple Syrup Season Poor

It looks as though the maple syrup season in this area is about over and that it was something of a "bust."

Operations varied from sugar bush to sugar bush, but the season started rather late because of the deep snows in the sugar maple groves, and it now appears that some of the boiling houses may have missed a week's run of sap in early March.

Some of them report that they had a run of darker sap than usual at the start of the season. This usually comes at the end of the sap collection period.

Roy Skog, Michigan State University Extension forester in the U.P. and Joseph L. Heirman, Delta County Extension director, visited several sugar bushes in this area last Thursday and found them not operating. They hoped to get a few more days of collection in and were hoping for frosty nights and sunny days.

"The weather wasn't favorable and it looks as though it might be a poor season," said Heirman. The setback was especially regrettable because it comes as MSU is pushing maple syrup manufacture as a bright prospect for additional rural income in the Upper Peninsula.

## Winter Revisits Western Europe

LONDON (AP) — Snow, gales and icy winds struck scattered parts of Western Europe today turning spring Eastertide back to winter.

Snow fell over England, Scotland and Wales.

## Masonville Township

Notice is hereby given that the dumping grounds will be open effective immediately:

Tuesdays from 2 P. M. 'til 6 P. M.,  
Saturdays from 9 A. M. 'til 6 P. M.,  
for the summer season.

## In This Corner

with Ray Crandall

Ron Steiner, former Iron Mountain High School and University of Wisconsin grid star, has been named head football coach at Ishpeming where he succeeds Bruno Marana. . . . Steiner was the Upper Peninsula Back of the Year in 1955 and made all-state in both football and basketball in his senior year. . . . He earned three football and three baseball letters at Wisconsin and played in the Rose Bowl in 1959. . . . In two years as coach at Fennimore, Wis., High School, his grid teams compiled a 12-3-1 record.

While Ishpeming gained a football coach this week, Gwinn is losing one. . . . Lee Johnson has resigned as head coach at Gwinn to accept a similar position with a downstate school.

Robert C. Parks, assistant track coach at Western Michigan University, writes to inform us that Gary Leach is not out for track at W.M.U. this spring. . . . Leach, a sophomore at Western, was one of the top dashmen in Upper Peninsula high school track history while at Pickford and shares the U.P. Class D record in the 220 with a brother, Jaynce, at 23 seconds flat. . . . Parks did not explain why Leach was not out for track this year.

George Brunet, the well traveled Copper Country contribution to major league baseball, turned in an outstanding relief job to save a 4-3 victory for the Los Angeles Angels over the New York Yankees last week. . . . Brunet relieved Bob Lee with the bases loaded in the seventh inning and escaped without allowing a run. . . . He got into the same mess with one out in the eighth on two singles and a walk, then retired Tony Kubek on a fly and struck out pinch hitter Phil Linz. . . . Brunet got credit for the victory.

A bit of Menominee is in the new Houston Astrodome, the fabulous home of the Texas major league baseball team. . . . The foul line and backstop nets in the multi-million dollar ball park were manufactured in Menominee at the Fish Net and Twine Co. . . . Leo Maihofer, assistant general manager of the Menominee plant, stated that every major league baseball team and many colleges and high schools throughout the country purchase nets for baseball, basketball, tennis and volleyball from the Menominee plant.

Don's Standard Service set match and game records in the City Bowling League while capturing the league championship, rolling a 1008 game in a 2858 series. . . . Red Holmes was the top knogler in the league with a 181 average, bowling 22 games of 200 or better during the season. . . . Rene Sabourin's 250 game rolled early in the season stood up as the top effort of the year and Fran Hossele 642 series was the season's best.

## Koufax Finds Out About Elbow Today

By The Associated Press

Sandy Koufax, the Los Angeles Dodgers' arthritic left-hander, learns today whether he's a pitcher or a patient.

Temporarily labeled for use only on Sundays, Koufax went to work for the first time this season against Philadelphia and admittedly struggled with his control despite allowing only five hits in a 6-2 victory over the Phillies and Bo Belinsky.

The 29-year-old strikeout artist fanned seven but walked five men — an unusually high figure for him — and consistently ran out the count on many batters. Still, Koufax was satisfied with his performance.

"I was wild, but I've pitched only three innings since March 30," Koufax explained after Sunday's game. "I had no pain — no hitch in my arm. But my timing wasn't exactly right. I didn't have that good rhythm. I'll get it back with work."

Does that make Koufax a full time pitcher or a part time patient?

"If the elbow doesn't stiffen I should be able to make my next start in rotation, Friday," he said, pointing out he would have

to wait before learning how his arm reacts to the strain of a nine-inning workout.

It was left to two relievers to turn in the day's top pitching performances — Bill McCool striking out all three batters he faced to preserve Cincinnati's 8-2 victory over St. Louis and Billy O'Dell hurling hitless ball for the final four innings in Milwaukee's 9-6 victory over the Chicago Cubs.

Elsewhere, Gary Kroll's fourth-inning pinch hit in a rain-shortened second game gave the New York Mets a 7-1 victory over San Francisco after the Giants had started the doubleheader with a 4-1 victory. Houston defeated Pittsburgh 3-1 before the Pirates took the nightcap 5-4.

In the American League, Detroit downed the Los Angeles Angels 4-1 in 13 innings, Boston bombed Baltimore 11-4, Minnesota defeated Cleveland 6-3, the New York Yankees whipped Kansas City 10-4 and the Chicago White Sox defeated Washington 5-1 before the Senators took the second game 4-1.

An infield single by Tommy Davis that Bo Belinsky couldn't field opened the door for the Dodgers. John Roseboro followed with a single and Jim LeFebvre scored both with a triple. Ron Fairly's sacrifice fly brought in the final run of the inning.

That was enough for Koufax, who gave up the Philadelphia runs on a homer by Dick Stuart. McCool came on for the Reds

## Detroit Survives No-Hit Bid To Beat Angels, 4-1

LOS ANGELES (AP) — Southpaw Rudy May made his major league debut for the Los Angeles Angels Sunday. And he very nearly made it into the history books in his first tour on the mound.

The 20-year-old rookie — dropped by three other clubs

## Prep Athlete Best In Meet

LAWRENCE, Kan. (AP) — New Mexico's Clarence Robinson set two meet records and was voted the Don Pierce Award as the outstanding athlete at the 40th Kansas Relays because of the world's best high school miler, Jim Ryun of Wichita, Kan., wasn't eligible for it.

Robinson was outstanding with records of 26:2½ in the broad jump and 50-6½ in the triple jump. He overshadowed Randy Matson of Texas A&M, world record holder in the shot put, who set a meet record of 65-10¼.

Matson passed up the discus, in which he holds the collegiate record at 201-5½. His world shot-put mark is 67-11¼.

Ryun produced the best mile-880 double in KU Relays history, with a 4:04.8 mile and 1:47.7 half-mile. The tremendous half-mile effort led Wichita East High School to a national prep record of 7:42.9 for the two-mile relay Saturday. His mile Friday was just four-tenths of a second off his own national prep mile record.

Ryun, a senior, was on the U.S. Olympic team last year at 17. The best mile of his career, 3:59, was in a non-high school meet last year.

before the Angels scooped him up-pitched a no-hitter for 7-13 innings before the Angels dropped a 13-inning game to the Detroit Tigers, 4-1.

May wasn't slated to pitch until Monday, but because Dean Chance developed a blister on his pitching hand, Manager Bill Rigney told May Saturday that he'd take the mound Sunday.

"I couldn't hardly sleep at all Saturday night. I went to bed about 10 and didn't fall to sleep until about 11:30, and then I kept thinking about the game all through my sleep," said May.

"I was really worried about

starting Sunday, 'cause I didn't really think I was ready. I hadn't pitched anything but batting practice in the past two weeks.

"My last actual pitching was in Tucson when I went six innings and felt real tired afterward. I sorta surprised myself out there Sunday by going as long as I did."

May threw 139 pitches, striking out 10 Detroit batters in nine innings before Rigney pulled him at the start of the 10th and sent in Bob Lee.

May lost the no-hitter to Jake Wood, who doubled with a Texas League to center field in the eighth.

"I was trying to throw too hard to him and wasn't really prepared to throw that hard," May said later. "I'd built myself up mentally for the pitch, which was a fast ball, but I didn't put power into it and it went in high."

The Angels led 1-0 on rookie Paul Schaal's fifth-inning homer. But Wood scored from second on an error by Bobby Knoop, tying the score, and the Tigers collected three unearned runs in the 13th off Lee and George Brunet.

Rigney said of May's performance: "He pitched a real good game, but I almost took

him out after the eighth. He was getting tired then."

If May had held the Tigers hitless for the whole distance, he would have matched an achievement noted only twice in major league history.

Two pitchers have hurled no-hitters in their major league debuts — Charlie Jones for Cincinnati against Pittsburgh on Oct. 15, 1892, and Bobo Holloman for the St. Louis Browns against Philadelphia on May 6, 1953.

Ironically, May was let go by the Minnesota Twins, the Chicago White Sox and the Philadelphia Phillies before the Angels acquired him last December in the Bo Belinsky trade.

## Three Teams Had Young Los Angeles Pitching Ace

By The Associated Press

Rudy May, who bounced around between seasons more than one of Dean Chance's billiard balls, has lost his opportunity to equal a 73-year-old record because of one well-placed shot.

May, Los Angeles Angel left-hander, allowed Detroit only one hit in nine innings Sunday in his first major league pitching appearance.

The 20-year-old rookie, however, wasn't around for the finish as the Tigers beat the Angels 4-1 in 13 innings.

Bob Lee replaced the tiring May at the start of the 10th.

Charlie Jones of Cincinnati is the only pitcher ever to hurl a no-hitter in his first appearance in the majors, having accomplished the feat in a 7-1 victory over Pittsburgh Oct. 15, 1892.

May was on his way toward becoming the first modern Charlie Jones when he ran into Jake Wood with one out in the eighth inning. Wood, batting for rookie Ray Oyler, lined a shot to center field.

Angel center-fielder Jose Cardenal dived for the ball, but it fell several feet in front of him and bounced into left-center for a double. On the next play, pinch-hitter George Thomas hit a grounder through second baseman Bobby Knoop's legs for an error and the tying run.

The Angels were the third team in less than two months to own May. The Chicago White Sox sent him to Philadelphia last Oct. 15, and the Phillies, in turn, threw him into the Dec. 4 trade that broke up the pool-playing combination of Chance and Bo Belinsky.

May, incidentally, received his first start a day early when Chance developed a blister on his pitching hand.

"I was really worried about starting," May said after the game, "because I didn't really think I was ready. I hadn't pitched anything but batting practice in the past two weeks. I sort of surprised myself out there."

In other American League games, New York whipped Kansas City 10-4, Boston trampled Baltimore 11-4, Minnesota defeated Cleveland 6-3 and Washington stopped Chicago 4-1 after losing 5-1.

In the National, Los Angeles knocked off Philadelphia 6-2, Cincinnati walloped St. Louis 8-2, Milwaukee defeated Chicago 9-6, Houston beat Pittsburgh 3-1 before losing 5-4 and New York whipped San Francisco 7-1 after dropping a 4-1 decision.

HAL LANIER, San Francisco Giant second baseman, is tagged out by New York Met second sacker Bobby Klaus on front end of first inning double play at Shea Stadium in New York Saturday. Klaus grabbed Matty Alou's ground-er to start the action and fired to first to complete the twin killing after getting Lanier. (AP Wirephoto)

## Celtics Romp; K.C. Praised By Jerry West

BOSTON (AP) — "K.C. Jones

played a whale of a game. They talk about Bill Russell and Wilt Chamberlain as the great ones, but he belongs in that class."

The tribute to his tormentor was paid by Los Angeles scoring ace Jerry West after Boston romped to a record 142-110 victory over the Lakers Sunday in the opener of the National Basketball Association playoff finals.

The best-of-7 series continues tonight at Boston Garden before the teams head for Los Angeles. Neither coach was satisfied with the first game. The Lakers, already operating minus Elgin Baylor and with Dick Barnett hurting, apparently have lost Jim King for game No. 2 due to an ankle injury.

"Now we're one more man short," said Laker Coach Fred Schaus.

Boston's Red Auerbach gave his players tongue-lashing lectures on the dangers of overconfidence both before and after the victory.

K.C. Jones was the one positive factor hailed on all sides.

The Boston playmaker-succesor to Bob Cousy, rated in best defensive backcourt man anywhere, was the chief reason West got only six points in the first half as the Celtics took a 64-49 bulge. West, who averaged 46.3 points in the Western Division playoffs, wound up with 27.

K.C. Jones got 11 of his 17 points, four of his assists, three steals, an interception and permitted West only two points in the first quarter as Boston took command 32-23.

## Distance Champ Eyes Third Win

BOSTON (AP) — Belgium's

Aurele Vandendriessche — unshaken by snow, cold and a record field of 44 entries — seeks a third consecutive Boston AA Marathon victory today concerned only about a sore right heel.

If the trade school study-hall master and physical education instructor from Anzegem wins the 26-mile, 385-year grind from Hopkington to Boston's Back Bay, he may rate his tribulations trying to reach here much tougher than the race.

A surprise snowfall began in Boston shortly after Vandendriessche arrived and went promptly to bed. He had spent a sleepless Saturday night because a Brussels airport strike forced him to take a train to Amsterdam where he stood in the rain awaiting a flight to London.

"I feel much better than last year," said the ever-smiling Belgian despite his trials. Through an interpreter he added he feared no one in the race but said the runners to beat were the five Japanese.

## Three Records Fall In Meet

COLUMBUS, Ohio (AP) — Trackmen from Michigan broke three records and tied another in the annual Ohio State Relays Saturday.

Michigan State led the field with three first place finishes, Michigan won two events and Western Michigan took one.

Ernst Soudek hurled the discus a record 184 feet, 7 inches in winning the event for the second straight time — last year for Michigan and Saturday for the Ann Arbor Track Club.

Michigan State's 480-yard shuttle hurdle relay team set a new meet mark with a flashing 1:00.2.

The Wolverines' George Canamare cleared the bar at 15 feet-5 inches in setting a relays record in the pole vault.

Western's Dennis Holland took top honors in the triple jump, out-distancing Big Ten broad jump champion Jim Garrett of MSU. Clinton Jones and Gene Washington of Michigan State one-two in the 120yard high hurdles.

The Wolverines matched the meet record of 3:12.5 in the mile relay.

## Sports In Brief

NEW YORK (AP) — Bobby Ussery rode three winners at Aqueduct race track Saturday, including Flag Raiser in the Wood Memorial.

## Black Hawk Coach Exception To Rule

MONTREAL (AP) — Billy Reay, coach of the Chicago Black Hawks, is an exception to the rule in National Hockey League circles.

While baseball managers and football coaches have a habit of playing musical chairs by going from one team to another, an unsuccessful hockey coach seldom gets a second chance.

Reay did get a second chance, and he's making the most of it. But he must beat a former teammate, Montreal Coach Toe Blake, if he hopes to pick up the Stanley Cup for the Hawks.

Reay, 46, quit playing 13 years ago and went into coaching in the Montreal farm system. He got his first big break with Toronto where he became coach in the middle of one season only to be fired in the middle of the following year.

It was back to the minors for the dapper little man, this time in the Hawk system.

Two years later the Hawks fired Rudy Pilous and brought

up Reay from their top farm team in Buffalo.

Pilous piloted the Hawks to a Cup championship in 1961. But he missed the National Hockey League championship, a prize never won by Chicago, by one point.

Reay's 1963-64 team also missed the NHL championship by one point and then failed in the playoffs.

This year the Hawks finished third after leading the League much of the season. But the Hawks' management showed confidence in Reay. They signed him to another contract in the middle of this year's semi-final series after the Hawks had fallen behind Detroit by losing the first two games.

The Hawks were able to overcome Detroit's lead was largely because of Reay's patience and confidence.

No one would have blamed him if he had started switching lines or even benching goalie Glenn Hall in favor of young Denis DeJordy. But Reay stuck

by his guns and eliminated the Wings, 4 games to 3.

Once again the Hawks have fallen behind. They lost the opener of their best-of-7 championship series to Montreal Saturday night.

"They did an excellent job and played well," said Reay even though the Hawks were without the services of Pierre Pilote and Kenny Wharram, both of whom were injured in the final game against Detroit.

"If we continue to play this well, we'll win the series," he said.

Blake, although a winner, was disappointed. "We'll have to play better than that if we hope to knock them out of the series," he said. "They looked tired but it also looked like they were setting the pace and we played down to their level to accommodate them."

The series continues in Montreal Tuesday night and then the scene shifts to Chicago for games Thursday and Sunday nights.

OUR BOARDING HOUSE with Major Hoople

OUT OUR WAY

by J. R. Williams

SEEING IS BELIEVING—John McCune, 11, one of 750 blind students treated to the fun of the circus in Chicago, gets a firsthand account of what's going on as he hugs a chimp brought into the audience. Special headsets carried the sounds of the circus to John, but "seeing" the chimp made the day complete.

## Sculpture Made Of Horseshoes

EDITOR'S NOTE —A horse-show sculpture in Missouri, an octogenarian pilot in Kansas and a way to fight Arizona gophers are among slices of U.S. life this week.

CHILLICOTHE, Mo. (AP) — It looks like something out of a nightmare: 42 old horseshoes and the iron seat from an early-day farm cultivator welded together.

Sophisticates might call it pop art sculpture, the sort of thing that sells for substantial cash in cultural centers today.

Retired farmer Mat Petersen who designed it, auctioneer Hugh Campbell who sold it, and motel operator Elwood Allnut who bought it for \$20 call it a chair.

Petersen, near 80, refused to discuss his creation but snorted, "I wouldn't make another one for that price!"

Campbell said he told the auction crowd "about the pop art craze back East but folks around here aren't interested in such things."

Allnut said he wanted it for a sideshow museum of oddities he is building for his motel and just thought it "interesting to look at."

But Allnut added reflectively, "I just might start calling it modern sculpture and see what it'll bring."

WICHITA, Kan. (AP) — Back in 1929, when Marcellus M. Murdock was in his late 40s, the boss of a pioneer aviation company told him he was too old to learn to fly.

Murdock bought a plane, hired an instructor, and he has been flying happily ever since. He celebrated his 82nd birthday last February with a lesson in a twin-engine plane and 11 days later received his multi-engine rating.

Murdock, president and chairman of the board of Wichita Eagle and Beacon Publishing Co. Inc., explained it this way:

"Flying has a peculiar fascination for me. There is a challenge. I never felt I was a courageous man, so it isn't courage. I just like it."

He has logged more than 6,000 hours as a pilot and in recent years has handled the controls of an Air Force F100 and the KC97 jet tanker plane. After his F100 flight he received a "mach-buster" button for flying faster than sound.

PHOENIX, Ariz. (AP) — A slick new weapon has been added to the arsenal of gas, poison, garden tools and traps in the battle being waged by homeowners against gophers.

It's plain old bacon grease. Amelia Barber of Phoenix became concerned when a colony of eight gophers started working over her lawn.

She offered a \$1 reward to college students boarding at her home for each gopher. Their reaction:

"Those gophers are highly educated and I have failed to

# GLADSTONE

## Briefly Told

State Police of the Gladstone Post issued 17 traffic summons over the weekend. Drivers receiving tickets were: Larry A. Maskart, 418 Dakota Ave., Gladstone, speeding; Leo L. Kivi, Cornell, defective equipment; Arthur E. Christensen, 1406 2nd Ave., S., Escanaba, no registration plates on vehicle; William E. Peterson, 1112 5th Ave., S., Escanaba, speeding; James E. Loper, 912 Michigan Ave., Gladstone, speeding; Albert G. Kurth, Rte. 1, Gladstone, speeding; Robert M. LeGault, Munising, speeding; Harold F. Wallin, 208 N. 15th St., Escanaba, speeding; Ronald J. Andrews, 404 Lake Shore Dr., Escanaba, speeding; Norman S. McCullough, Rte. 1, Wilson, no operator's license; Mike D. Nelson, Rte. 1, Escanaba, defective equipment; Thomas L. Binder, Manistique, no operator's license; Bruce A. Laine, Chicago, Ill., speeding; George P. Britz Jr., Menominee, speeding and expired operator's license; Dwayne W. Bero, Rte. 1, Escanaba, expired operator's license; Richard A. Johnson, 1514 1st Ave., S., Escanaba, no operator's license; William J. Johns, Gastra, Mich., speeding.

Two deer were killed when struck by cars on Delta County highways Sunday, State Police of the Gladstone Post reported.

Keith D. Towns, Rte. 1, Gladstone, hit a deer at 4 p.m. on Co. Rd. 513, about one mile north of Squaw Creek, and Jennie E. Aho, 426 S. 13th St.,

## Church Events

The executive committee of Churchmen of the First Lutheran Church will meet at the church at 7 p.m. today.

The Rev. Ray Schulenburg, pastor of the Addison Street Baptist Church of Chicago, will conduct a series of evangelistic services at the First Baptist Church of Gladstone Tuesday through Sunday. Evening services will begin at 7:30 p.m. and the Saturday evening service has been planned especially for the youth of the community.

## Personals

Mrs. Charles Caron, 504 Wisconsin Ave., has returned from Milwaukee where she visited her husband, who is a patient at Wood's Veteran Hospital.

Mr. and Mrs. William Nelson, 907 Wisconsin Ave., have returned from Florida where they vacationed in St. Petersburg, Winter Park and Tampa. Enroute home they visited their daughter and son-in-law, Mr. and Mrs. William Melby and family.

Escanaba, struck a deer at 10:30 p.m. on U.S. 41, about one mile south of the Alger County line. Neither driver was injured, troopers said.

The Neighborhood Home Extension Club will meet at the home of Mrs. Helmer Peterson, 602 N. 14th St., at 8 o'clock tonight.

## MAYBE HE WAS HOT

LOUISVILLE, Ky. (AP) — Tired of his wife's nagging, this suburbanite decided to fix the drain on the sink.

He crawled under the sink with a bucket, opened the drain, and got out all the water.

Then he started to clear the stoppage in the pipes. The bucket of water kept getting in his way. Finally, he reached up and poured it back into the sink.

## 'HE MUST BE KIDDING'

## Chi Chi's Rally Short By Stroke

HOUSTON, Tex. (AP)—Juan (Chi Chi) Rodriguez saw his par-breaking effort to catch Bobby Nichols and win \$12,000 in the \$75,000 Houston Golf Classic fall short by one stroke, but the unpredictable Puerto Rican believes his comeback is well under way.

Nichols won his second classic in four years Sunday, but the gallery of 25,000 gave its loudest cheers and applause to Rodriguez and his final-round seven-under-par 64.

Rodriguez had decided a 63 would overcome a seven-stroke advantage held by Nichols, the 1964 PGA champion.

The Puerto Rican cast aside a brace that had been protecting a badly injured left thumb and cut loose with the tournament's best round over the 7,233-yard par 71 Sharpstown Country Club course.

Nichols started the round in a tie with Bert Yancey and quickly jumped to a four-stroke lead.

The margin dwindled under pressure from Rodriguez and Australia's Bruce Devlin to one stroke before he closed out with a 70 for a 72-hole 273—11 under par.

In boosting his PGA money for the year to \$20,425, Nichols placed his 70 beside earlier rounds of 67, 69 and 67.

Rodriguez was tied for 67th place after Thursday's opening round 73, but his 69-68-74 comeback moved him into a tie at 274 with Devlin for the runner-up spot, worth \$5,600 to each.

While keeping his injured thumb in a brace, Rodriguez had won only 1953 last year, although he was the PGA tour's ninth-leading winner in 1964 with \$48,338.

Yancey, the 27-year-old Philadelphia pro who had or shared the lead the first three rounds, jumped to a final round 74 for a fourth-place tie at 277 with Don January of Dallas. Each won \$3,800.

## Bold Lad Bows To Flag Raiser

NEW YORK (AP)—It's a long jump from a \$7,500 claiming race to the \$125,000-added Kentucky Derby but Flag Raiser will try to complete the leap May 1 at Churchill Downs after capping a three-stake victory string with a hair-raising tri-

Bowler Wastes Hefty Series ST. PAUL, Minn. (AP)—Despite a 669 series, Jack Noud of Battle Creek, Mich., was probably the most frustrated bowler to compete Sunday in the American Bowling Congress Tournament.

Noud shot his 203-233-233 series in the doubles. His partner, John Estelle, contributed only 494 and the pair's 1163 total will earn a nominal share of the ABC's \$490,000 prize fund.

Doug Swords and Bill Smith of Pontiac, Mich., combined for a 1237 total and 11th place in doubles. Swords, 31-year-old die designer, set the pace with 664.

Buzz Bosler and Dan Slack of Milwaukee lead the doubles with the 1300 series they amassed Saturday.

Fourteen of 27 favorites won during the first three days of the Aqueduct thoroughbred racing season. Six of nine won on opening day.

Derby preparations shift to Kentucky this week with the Blue Grass Stakes scheduled for Keeneland Thursday and the Stepping Stone Purse at Churchill Saturday.

"He'll just take things easy between now and Derby time," said Jacobs. "After all, he came out of the Wood a mighty tired horse."

## Plan To Start Gas Pipeline

MARQUETTE — Northern Natural Gas Co. plans to start construction of a pipeline from Minnesota to Marquette around June 1, H. M. Sampson, Omaha, vice president of the company, said here Thursday.

The company will be serving Marquette with natural gas "no later than Dec. 7," he said.

"Within a couple of weeks, we'll be shipping pipe to sidings in Ishpeming," Sampson said.

Federal Power Commission Examiner Francis L. Hall filed rulings Monday in Washington, D.C., to allow Northern Natural to wholesale gas to three distribution companies for resale in 17 communities in northern Wisconsin and the northern Upper Peninsula and to allow Michigan-Wisconsin Pipe Line Co., Detroit, to sell gas to its affiliate, Michigan Consolidated Gas Co., also of Detroit, for resale in 36 communities in Delta, Iron, Dickinson and Menominee counties.

Hill also ruled that Northern Natural should be authorized to sell gas for processing of low grade iron ores in six plants operated on the Marquette Range by the Cleveland-Cliffs Iron Co. and that Michigan Consolidated should be permitted to supply gas to the Groveland iron ore plant operated in

Dickinson County by the Hanna Mining Co.

Objectors had 20 days from last Monday in which to intervene. After that, Northern Natural and Michigan Consolidated have 20 days in which to reply to any objections. The FPC then makes the final decision in the two cases.

Sampson was confident that final FPC certification would be forthcoming around June 1.

Northern Natural's 500-mile pipeline, to be constructed at a cost of about \$24,000,000, will extend from a line south of Duluth, Minn., where the company has existing facilities, across northern Wisconsin to Marquette, with a spur extending to the Houghton-Hancock area.

"All main line facilities will be installed this year, and in the spring of 1966 we'll clean up the whole job," Sampson said.

### In Service

T-Sgt. Jozef Sadoski, son of Mrs. Julia Syktus of Chicago, has arrived for duty at Holloman AFB, N.M., after a tour of service in Libya. The sergeant's wife, Wanda, is the daughter of Mrs. T. Polakowski of Rte. 1, Powers, Mich.

AUSSIE HERO—Capt. Noel de la Hunty, of Perth, Australia, has been awarded his country's Military Cross for gallantry in Viet Nam. He took charge of a patrol when three men were killed and seven were wounded by the Viet Cong and led the survivors to safety.

## Airmen Build Da Nang Chapel

DA NANG, South Viet Nam (AP) — Besides carrying out the most intensive air war since Korea, U.S. airmen here are building a chapel and paying for it themselves.

The United States has poured millions of dollars into Da Nang Air Base, which has a key role in bombing raids on North Viet Nam and Communist-held sections of Laos. The base is jointly occupied with the Vietnamese air force.

The largest chunk of construction money went into such items as runway and maintenance facilities and equipment. Many of the airmen sleep in tents and the base commander lives in a trailer.

The Marines on Da Nang Air Base have their own chapel and the Army advisory team for 1st Army Corps plans to build one soon. The Air Force says it has no money available.

"So we decided to raise the money ourselves and build our own," says Capt. Wayne L. Stork, a Protestant chaplain from Greencastle, Ind.

As airmen filed through the pay line recently, they donated \$1,200 toward the \$3,000 project. Stork says the rest of the money

will be raised with further requests for donations and possibly bingo or casino parties where the house's percentage goes toward building the non-denominational chapel.

At present the base theater is used for chapel services, an arrangement Stork said is somewhat unsatisfactory.

"Besides movies, the theater is used for commander's call and every other large meeting here. We need some place where a man can go to pray and meditate privately any time he feels the need," Stork said.

Local materials and Air Force volunteers are being used to put up the 30-by-50-foot building. An engineer with an American contractor here pledged four weeks of work to help make sure the corners are square and the doors are in the proper places.

## Pulpwood Cut Breaks Record

A record high in Lake States Pulpwood production was reached in 1963, according to Resource Bulletin LS-1 published by the Lake States Forest Experiment Station at St. Paul. Arthur G. Horn, the market analyst who wrote the bulletin, states that 1963 production amounted to more than 3½ million cords, which is 10 per cent higher than the previous record set in 1962.

The figures for this report were furnished by the 54 pulp-mills — 49 local mills and 5 in other states and Canada — that used pulpwood harvested from Lake States forests in 1963.

The data show that production of all pulpwood species, except pine, increased. Miscellaneous dense hardwoods, hemlock, spruce, tamarack, and birch registered the largest

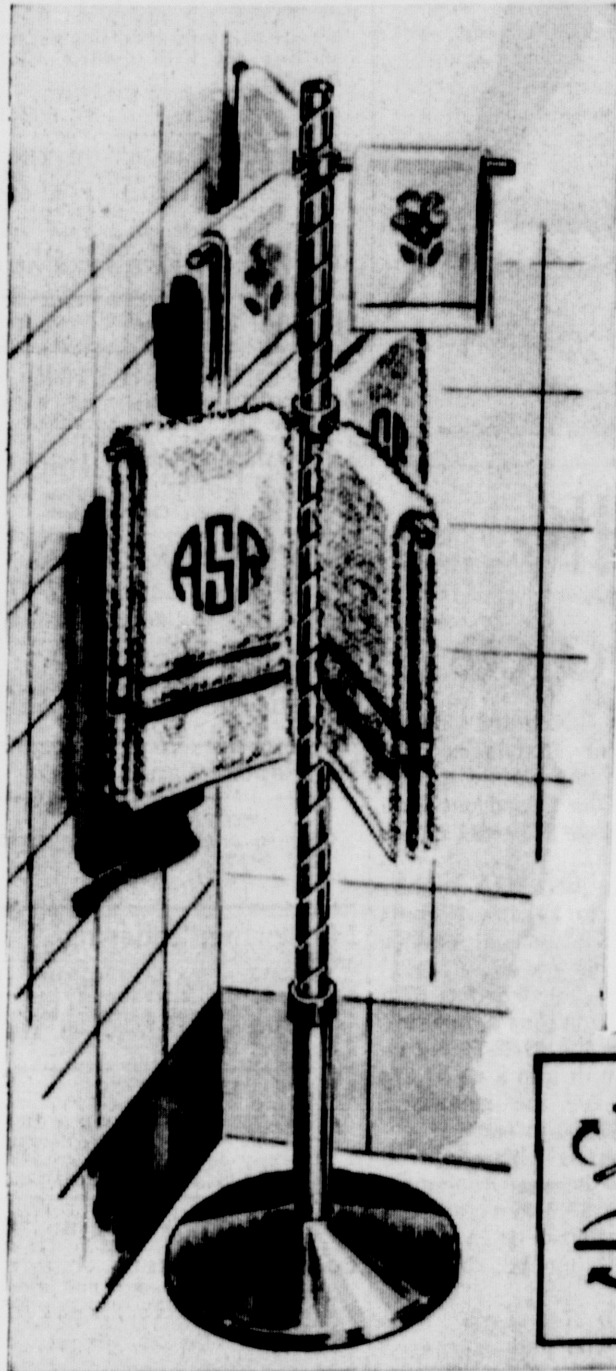

gains, percentage-wise, but aspen was still the most used species. It accounted for nearly half of the total production.

Wisconsin, for the first time, was the region's leading producer, though its total production of nearly 1½ million cords surpassed that of Michigan by only 5,000 cords.

The St. Croix River, convenient to Minneapolis and St. Paul, is the last large clean river near a major metropolitan area in the Midwest.

MAKE YOUR HOME DAISY BRIGHT

# FIX UP YOUR HOME THIS SPRING

Your Escanaba Home Improvement Dealer will do the work

First National Bank will finance the job.

Does your home need repairs, improvements—or some major modifications—to make living more pleasant? Perhaps a growing family makes an extra bedroom or bath necessary. Maybe an old-fashioned kitchen needs to be brought up-to-date.

Whatever your home needs, now is the time to start making your plans, and a lack of ready cash needn't hold you back. First National Bank will be glad to finance home improvements now—this Spring—and let you repay over a period of 5 years. You can borrow up to \$3,500 with no down-payment, low bank interest, and convenient monthly payments.

Stop by the First National Bank. They will be glad to help you with your financing needs.
